FOREWORD

University of Kashmir has traversed a long way and carved a name for itself in the higher education. We are in a process of continuously upgrading ourselves to build the brand name for the University.

The process of introspection, innovation and improvement has helped us to build a perspective plan for spreading education in a meaningful way. The July, 2011 NAAC Peer Team visit to the University, for assessment and accreditation, is reflective of our effort that earned “Grade-A” to the University till September, 2116. This is not a small achievement for which the students, faculty, administrators, and staff of this University has been felicitated by none other than Shri N. N. Vohra, His Excellency, the Governor of J& K State and Chancellor of University of Kashmir. In spite of all this we are not complacent and continue to strive hard to plug the loopholes and bring in qualitative change in all spheres including research, teaching-learning and administration.

In order to overcome the dearth of teachers in various faculties at different levels, appointments / promotions are being made on priorities basis. We do admit that quality research is the back bone of intellectual pursuits, so therefore, apart from the institutional level, all stakeholders should vigorously pursue to get sponsored projects from various funding agencies to produce qualitative and competitive research.

The compilation of the Annual Report – 2011, under the aegis of the Directorate of Internal Quality Assurance (DIQA) is aimed to highlight the achievements of the University and also to identify the priorities for vibrant academic and global competition.

I do appreciate that efforts made by the DIQA which help to project the University of Kashmir as an excellent institution of learning and research in the academic circles and civil society.

Prof. Talat Ahmad
Vice Chancellor

PREFACE

The Annual Report-2011 is an interface between the University and society at large. Since it is mandatory to document and publish the activities of the University, necessitated by our willingness to have self introspection and external assessment, we, therefore, display our achievements and weaknesses before the stakeholders and society in and outside Kashmir. It helps the University to encourage accountability and in its quest for excellence.

DIQA, as an internal organ, provides support and help to bring in qualitative change in the activities of the University and at times even works as a catalyst for various academic and administrative activities in quality enhancement policies. This publication is a step towards it as it showcases the 'home grown' quality consciousness of students, scholars, faculty, administrators and others who have put in their best effort to excel for sustenance and improvement. Nevertheless, the present volume provides a chance to the University to intervene for quality improvements and enhancements; to identify and analyse concerns; and to frame out strategies for the future growth and journey. In this era of ever changing and rapidly evolving higher education landscape, in and around us, we have to evolve mechanism to meet the challenges to implement 'Total Quality Management'.

The Annual Report-2011 was prepared, as usual, hurriedly, and not to our liking many mistakes and errors may have crept in. Methodologically also we could not address certain issues as in the case of term 'co-authored' used in the volume- it necessarily does not mean that a publication was carved out by two scholars only. Unfortunate it was not to incorporate certain other information or that was not compatible with our formats. Still then the effort of 'DIQA family' was laudable to document the activities and events of the year and presenting them in this form.

In 2011, Prof. Talat Ahmad took over as the Vice-Chancellor of the University. He has been kind enough to provide his support and encouragement for the compilation and presentation of this volume in the present form. I am beholden to him for his eagerness and help. And, without the cooperation and help of HOD's/Directors, Nodal Officers of Departments/Centers, Officers, administrators, faculty and others we could not have produced this document. I am personally beholden to all of them for providing their kind support.

The Directorate acknowledges the much required voluntary help provided by three young scholars of the Centre of Central Asian Studies, Ayjaz Wani, Younus Wani and Farooq Rather who sat with us day and night in the month of March to process the information, collate it and bring it to the present shape. In this endeavour Dr Fayaz Ahmad Lone and Mr Nazir Ahmad Doshab of the Centre of Central Asian Studies willingly provided kind help. We appreciate their effort and thank them.

I am also thankful to Dr Bashir Ahmad Rather, Deputy Registrar DIQA, Dr Fayaz Ahmad, Dr Musavir Ahmad and Dr Tauseef Rizvi, Assistant Directors DIQA, Mr Nazir Ahmad Sheikh, Mr Waseem Ali and Mr Arshid Ahmad Malik of the Directorate for their relentless effort to bring out the Annual Report.

Prof. Aijaz A Bandey

OBITUARY

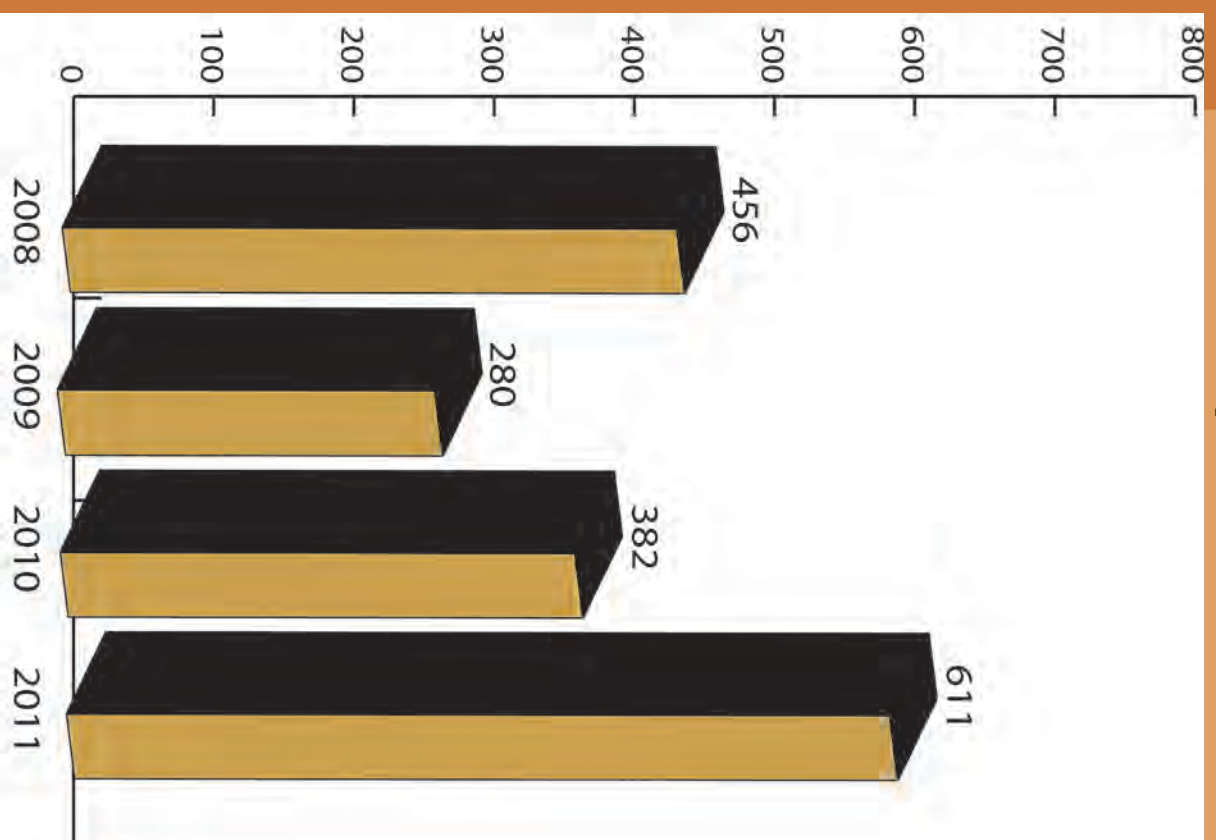

The University of Kashmir lost two of its bright teachers during the year.

- ***Dr Mazhar Ahmad Khan***, Assistant Professor, Department of Hindi on 3.3.2011. Born on 15.11.1962, Dr Khan was appointed in the University in 2003 (adhoc & permanently in June 2003) and he had contributed a number of publications in various books and journals of repute.
- ***Dr G N Bhat***, commonly known as **Fareed Parbati**, Associate Professor, Iqbal Institute of Philosophy and Culture on 14.12.2011. Born on 4.8.1961 Dr Fareed Parbati was a prolific writer of classical Urdu literature and author of 15 books in prose and poetry, besides had contributed articles in reputed journals.

Both of the departed souls were affectionate colleagues and efficient teachers. Kashmir University places on record the grief their deaths gave to the community and pray that their souls rest in peace.

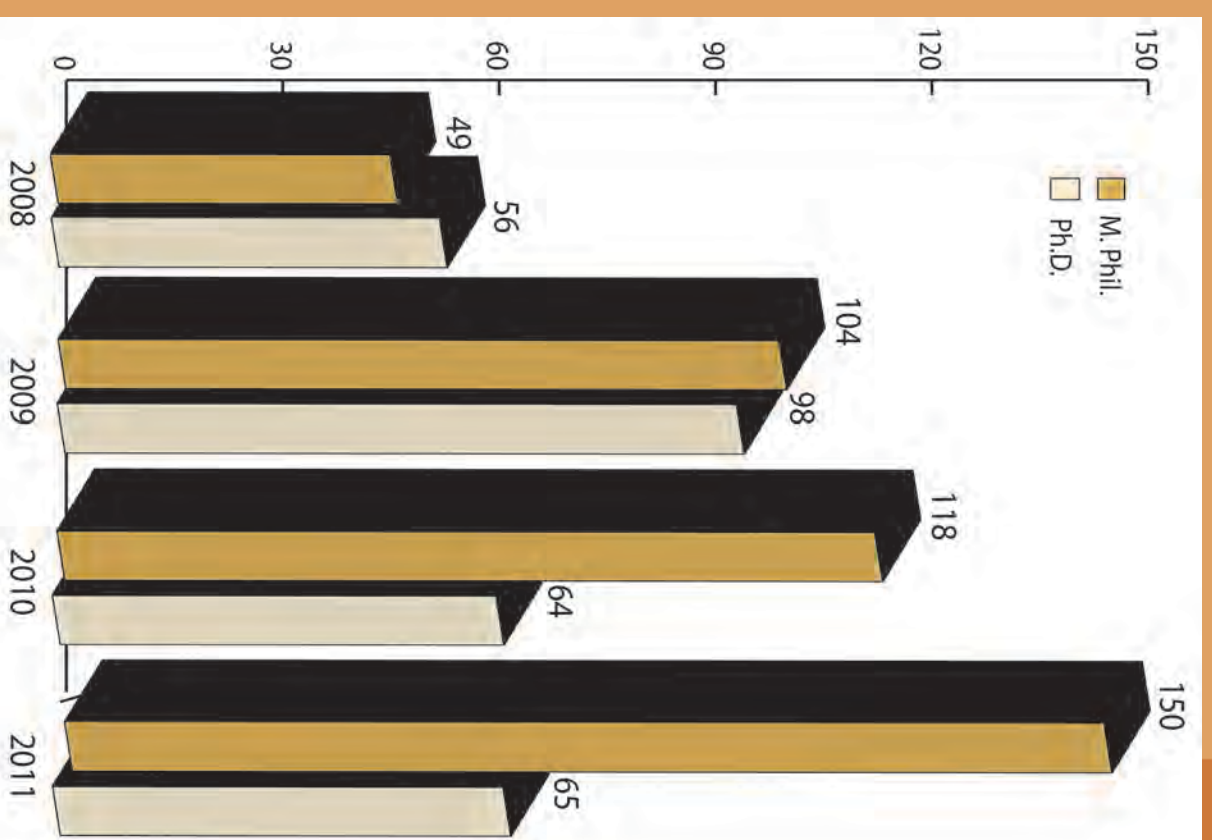

We also lost ***Mr Khurshid Ahmad***, Electrician of the University during the year and the death of the dedicated official is condoled.

An Overview of the University

The University of Kashmir came into existence in 1969 as a consequence of the bifurcation of the erstwhile Jammu & Kashmir University (established 1948). Situated in Srinagar, literally in the lap of the Zabarwan hills on the shores of famous Dal Lake and Nigeen Lake near the Hazratbal shrine, the University has sprawling campus of 250 acres known as main campus which is spread over closely knit areas of Amar Singh Bagh, Naseem Bagh and Mirza Bagh (a residential complex meant for faculty and other employs). Another patch of land 37.5 acres has been recently acquired, nearby, to develop Zakura campus for future expansion and growth of the University. In order to reach out to far off places the University has also established two satellite campuses; the South Campus at Fatehgarh, in Anantnag (32.37 acres) and the North Campus in Delina, Baramulla (76.88.acres), both about 60 kms from the main campus. Besides for establishing Leh Satellite Campus in Ladakh a patch of land of about 100 acres at Tharu has been acquired for the benefit of young boys and girls living about 450 kms from Srinagar. Similarly for Kargil Satellite Campus, some 250 kms from Srinagar, 75 acres of land has been acquired at Khumbalthang. Yet another campus is expected to come up in the extreme north of the Kashmir valley at Kupwara in the near future.

The aim of the University is to provide serene, pleasant and intellectually stimulating environment to the knowledge seekers to inspire and engage them in a meaningful learning process for their self-realisation in educational, socio-economic, scientific and cultural promotion. As an apex institution of higher education in Jammu & Kashmir, the fundamental role of the University is to present adequate opportunities for learning at graduate and postgraduate levels to attain academic excellence, in an impartial and just manner. Besides, the University offers academically motivating ambience for meaningful and effective research to inspire the novelty of thought for human welfare. All this is being done on nationally acknowledged standards and not surprisingly the National Accreditation & Assessment Council (NAAC), an independent organisation of the University Grants Commission (UGC) of India, accredited the University of Kashmir as Grade-A University (first in 2002 for the period 2002 to 2007 and again in 2011 for the period 2007 to 2016). To maintain and further improve its teaching, research and extension activities, the University continuously undertakes massive efforts in consolidation, expansion and modernisation of all its teaching-learning resources. Also in place is continuous process of introspection and analysis to achieve higher values and innovation in teaching and learning. For the thousands of young boys and girls who attend daily the University, a state-of-the art library with modern information and communication technology services, well equipped laboratories, virtual classroom facilities and ICT equipped class rooms are some of the features, besides a highly qualified, inspiring and motivating teaching faculty make them to choose this University for the pursuit of knowledge, wisdom and truth.

The University provides education and knowledge through 13 faculties offering post-graduate and research programmes in a number of subjects and disciplines in 38 teaching departments and 15 research and extension centers. Apart from these, in the satellite campuses need-based courses in science, management, computer and engineering have been started to meet the social demand and disseminate knowledge in remote regions. There is a net-work of more than 100 Government and private colleges affiliated to the university to cater the needs of the society through more than 30 programmes. Thousands of students graduate every year to help the humanity through their scientific temper, generation and dissemination of knowledge, promotion of cultural and spiritual values. Accordingly the literacy rate of the people in the region has grown to an appreciable level to help them to change their socio-economic lot for the good.

In this age of globalisation the University has entered into multi-institutional collaborations with leading national and international universities and research institutions to develop and strengthen academic and research standards. Accordingly, the University has signed memorandum of understanding with reputed universities of China, Turkey, Uzbekistan, Kazakhstan, International Business Machines, National Innovation Foundation, British Broadcasting Corporation, Delhi University, Jawaharlal Nehru University, etc for collaborative work in areas of mutual interest. Significant contribution in teaching and research is coming from national funding agencies like Department of Science and Technology (DST), Fund for Improvement of Infrastructure (FIST), Special Assistance Programme (SAP) and Area Study Programme (ASP) of the UGC. This all is being done to be in tune with the University vision so that creative minds are able to generate new knowledge and germinate new ideas.

ACADEMIC POLICY

Post-graduate Programmes and other Courses:

The University has a widely acclaimed admission policy to various post-graduate academic, professional and other related courses. This time-tested policy for admissions is transparent and efficient for all its post-graduate and undergraduate professional programmes. Admissions are made through a common entrance test based on multiple choice questions. While 60% weightage is given to entrance test, 40% marks are allotted to the academic merit of the qualifying examination. In case of engineering and medical graduate courses admissions are made through a combined entrance test conducted by the Board of Professional Entrance Examinations of the Jammu & Kashmir State.

Since the demand for the programmes at the University is very high and on an average about 30,000 aspirants compete annually for about 3000 seats available for various programmes at the main and satellite campuses with an average demand ratio of 13.45 per available seat the entrance test has thus served a judicious exercise. Nevertheless due care is taken of aspirants from weaker and under-privileged sections of the society and 30% of seats are reserved for such categories. Special quota of 2% each is also reserved for students participating in NCC and sports events at the National level. Besides, 3% seats are reserved for wards of police and security personnel.

The main features of the admission policy are briefly delineated below:

Candidates having passed the qualifying examination with the required percentage of marks in aggregate as given below are eligible to apply for admission to the programme/s concerned. A candidate who has already obtained one postgraduate degree is eligible to seek admission in a second postgraduate programme or in a Diploma/ Certificate course, if he/she fulfils the eligibility criteria set for admission:

MBA, BBA MBA , MFC, MSW & M Sc IT		MCA (for candidates with BCA)	
Open Merit	50%	Open Merit	50%
Reserved Categories	45%	Reserved Categories	45%
MCA, M Sc Bio-technology, M Pharm and PG Diploma in Computer Applications		All other programmes	
Open Merit	55%	Open Merit	45%
Reserved Categories	50%	Reserved Categories	40%

Note: The minimum eligibility for persons from outside the Kashmir Division including foreign nationals is the same as that for the open merit category.

Entrance Test

The eligible candidates are required to appear in an Entrance Test comprising multiple choice objective type questions carrying a total of sixty marks spread over the syllabus for the concerned subject/programme. The Entrance Test for all programmes is conducted during the first/ second week of March. However, the Entrance Test for the following courses is notified separately and conducted later (preferably in May/June).

- | | |
|---|--|
| a. MBA/ MFC/ BBA MBA
b. B Pharm/ M Pharm | c. B Tech
d. BA LLB/LLM |
|---|--|

Admission Procedure:

The selection of a candidate is based on his/her performance in the Entrance Test and the qualifying examination. The Entrance Test carry weightage of 60% and the qualifying examination carry weightage of 40%. The merit obtained by the candidate in the Entrance Test (out of 60 marks) is combined with the aggregate marks obtained in the qualifying examination (reduced to the base of 40). In case a candidate is eligible for admission to a programme/course because of an additional subject, marks obtained in the qualifying examination together with marks of additional subject are reduced to the base of 40 for determining the interse merit of such a candidate. Overall merit of the candidates is thus determined out of 100 marks.

Where two or more candidates have secured equal marks out of 100 for admission to a particular programme/course, the tie shall be decided on the basis of marks secured in the subject in which the admission is sought, taking the marks of all the three years of BA/ BSc / B Com etc into account. However, where the subject offered is not taught at the undergraduate level or where the admission is sought on the basis of an allied subject and also in the case of LLB, BA LLB, MLIS, M Com and Mass Communication and similar other programmes, a tie is decided on the basis of aggregate marks secured by the candidate in the qualifying examination, i.e., a candidate with higher aggregate marks is given preference.

In case of M Sc Biotechnology, a candidate is to appear in the Entrance Test based on two papers on a single day, with Paper I in the forenoon and Paper II in the afternoon session. Question paper I shall comprise 60 multiple choice questions [in a similar manner as in other subjects] carrying 60 marks as per the syllabus prescribed for the purpose.

Question paper II (of 2 hours duration) shall comprise 20 very short answer type questions of 2 marks each (total 40 marks) based on the syllabus prescribed for Paper I. On the basis of their merit in Paper I, answer books of Paper II of candidates numbering four times the intake capacity (both under open merit and reserved categories) is got evaluated. Final selection for admission to this programme (M Sc Biotechnology) thus based on the combined merit obtained by the candidates in Paper I and Paper II. The marks or GPA obtained by a candidate in the qualifying examination is considered only in case of a tie.

In case of MA in Mass Communication & Journalism, a candidate is to appear in the Entrance Test based on two papers on a single day, with Paper I in the forenoon and Paper II in the afternoon session.

Question Paper I comprises 60 multiple choice questions having only one correct or most appropriate answer [in a similar manner as in other subjects] carrying 60 marks as per the syllabus prescribed for the purpose. Question Paper II has 5 questions, carrying 60 marks, on broad topics specified in the prescribed syllabus and the candidates are required to attempt all the questions in 2½ hours. On the basis of their merit in Paper I, answer books of Paper II of candidates numbering four times the intake capacity (both under open merit and reserved categories) are got evaluated. Final selection for admission to this programme is based on the combined merit obtained by the candidates in Paper I and Paper II. The marks or GPA obtained by a candidate at the qualifying examination are considered only in case of a tie.

The admission to MBA & MFC programmes is made on the basis of three components viz. latest MAT/CAT score, group discussion and interview. The latest CAT score or the scores obtained by a candidate in latest MAT examination (February/May) of the year is considered for selection of the candidates. The University shall conduct group discussion and personal interview separately. However, the admissions to BBA-MBA (5-year IMBA) course is made on the basis of latest UGAT score obtained by a candidate, performance in qualifying examination, group discussion and viva. The candidates desirous to seek admission to MBA, MFC and IMBA course/s must appear in CAT/MAT/UGAT examinations and submit their score cards as and when admission notification for these courses is issued by the University.

In case of B Tech course the admission is made on the basis of the latest AIEEE score and the merit of the qualifying examination at 10+2 level. The merit is reduced to the base of 100 with 60% weightage to AIEEE score of the year and 40% weightage to merit obtained in the qualifying examination at 10+2 level or any other equivalent examination recognized thereto by J&K State Board of School Education. In case two or more candidates secure the same merit in the Entrance Test, weightage is given to the merit obtained by the candidates in the qualifying examination. Further, a candidate can simultaneously pursue a full-time PG Programme and one part-time (Morning/Evening) Certificate Course.

For M P Ed programme only those applicants who qualify physical efficiency test are eligible to appear in the Entrance Test. However, this condition does not apply to in-service candidates.

Nominations from Government Educational Institutions

Four supernumerary seats in each of the departments, such as Botany, Chemistry, English, Physics, Mathematics and Zoology and two in each of departments, like Electronics, Statistics, Computer Applications and in P.G. Diploma in Remote Sensing & GIS are reserved for teachers working in government educational institutions.

Exemption from Entrance Test

Entrance test is not conducted in a course/programme where intake capacity is more than the number of applicants.

Admission for Post-Graduate Courses in colleges

The admission to various post-graduate courses/ programmes being taught in certain colleges that are affiliated to the University is also made through the entrance test.

Payment Seats

Depending upon the infrastructure available in a department payment seats (usually 25% of the total intake capacity) are available in many departments and admission to these is also made on the basis of merit. For every such seat prescribed capitation fee is to be paid in addition to usual fees.

MASTER OF PHILOSOPHY (M. Phil.)

Eligibility

The eligibility for admission to the M. Phil programme is made as under:

- a) A candidate must have secured not less than 55% of marks at Masters Level in the concerned subject/allied subject.

Explanation:

- a) The Departmental Research Committee (DRC) decides which of the subject/s is/are allied to the subject concerned and also decides about whether the degree is to be given to the candidate in the subject/discipline in which one has

qualified one's Master's degree or in the allied subject/discipline in which the candidate is seeking admission. The decision of the DRC shall, however, be subject to the approval of the BORS at the time of registration.

b) Candidates have qualified M. Phil Entrance Test securing atleast 40% marks.

c) i) The JRF/NET/SET qualified candidates are exempted from appearing in the Entrance Test and Merit of such candidates remains as per their percentage of marks obtained at the Masters level.

ii) College Teachers with five years' service on substantive basis are also exempted from appearing in the Entrance Test.

The admission to the M. Phil. programme is made as per the following procedure.

The Dean of the Faculty:

a) Ascertains the number of vacancies available for M. Phil. in the Department/ Centre/Institute from the concerned Head/Director/Coordinator, as the case is by 15th April each year.

b) Invites applications on prescribed form within 15 days after the declaration of Final Year/Semester results of all the P.G. courses falling within the Faculty;

c) Arranges Entrance Test as per the following:

i. The question paper in each subject is set comprise two parts.

ii. Subjective part containing six questions of which four are to be attempted and

iii) Multiple choice objective part containing 30 questions, all are to be attempted. Part (i) carries 40 marks and Part (ii) carries 30 marks. All questions in both the parts are set from the syllabus drafted by the DRC from the core/compulsory courses only. Merit of the candidate at PG level shall carry 30 marks.

d) Conducts Entrance Test in the month of June every year. However, candidates whose result of P. G. is awaited are also allowed to appear in the Entrance Test provisionally on production of affidavit duly attested by 1st class Magistrate to the effect that he/she is not to claim any benefit in case he/she fails to secure the required percentage of marks at PG level.

e) Prepares a merit list of all the candidates and forwards it to the Head/Director/Coordinator, as the case is. The list prepared remains valid till the date of notification for the conduct of the next test.

The Head/Director/Coordinator in consultation with the DRC:

a). Screens/assess the synopses submitted by the candidates and

b). Prepares the final list of the selected candidates on the basis of merit in the Entrance Test/Masters Degree and synopsis submitted by them against the number of vacancies available in each area of research in the concerned Department/ Centre/Institute.

c). Forwards the synopsis/synopses approved by the DRC (alongwith copy of the minutes of the meeting of the DRC duly signed by the members) for consideration by the respective BORS through the Dean of the Faculty provided that the number of vacancies is determined on the basis of the following criteria:

i). Supervisor-scholar ratio in the Dept./Centre/Institute as prescribed by the University from time to time.

ii). Field/Area of Specialisation of the supervisors available.

iii). Infrastructure facilities available in the Department/Centre

Eligibility for Part-time Registration

- Laboratory equipments for Rs. 2,523,997.
- Information Kiosks for Rs. 127,241.

Financial aid / scholarship to students:

Rs. 203,450. was provided by the Social Welfare Department of the State for 7 B.Tech students.

Resources generated for academic activities including projects /courses

Source	Amount
Payment Seats	Rs. 2,655,500.
Summer Training	Rs. 48,000.
STC on Mechatronics	Rs. 116,500.

Healthy practices of Department:

- The Department uses LCD's, OHP's and other audio visual aids to augment conventional method of teaching and improve teaching-learning process. Students are exposed to practical training of various test and measuring instruments in the state-of-the art laboratories. Students are put to industry exposure by conducting practical and industry oriented training at some industry or research institution outside the state. The faculty members of the Department actively involved in research activity have established collaborations with eminent faculty members of other Institutions.

Grey areas:

- Dearth of Faculty.

Specific achievements of the Department:

- UGC sanctioned a major research project captioned “Development of Low-Voltage Companding Filters in IC Form” for a total outlay of Rs. 930,800. in favour of Prof. N. A. Shah and Mr. Farooq A. Khanday.
- Conducted Six day short term course on Mechatronics in June 2011.

Plans of the institution for the year 2012:

- Two day Seminar on “*Computational Intelligence and Neuro sciences*”.
- Three day National Conference on “*Advances in Electronics, Communication and Computer Technology*”.
- One week *Hands on Training in Electronics* for Undergraduate Electronics Students.
- One Month Summer Training program for Electronics and Computer Engineering Students.
- To strengthen the ongoing research in the Thrust Research Areas of the Department.
- Publishing of Journal on Information Technology.
- One major research project captioned as “Design and Development of New E-mail Security Protocols and Forensic Tools” submitted by Dr. M. Tariq Banday for a total outlay of Rs. 1,240,500. to UGC for financial assistance.
- Special Assistance Programme to get (SAP) of UGC.

IV	-	-	13	14	15	6	-	6	27	-	-

Thrust areas of research:

- β - glucun- extraction, characterisation& encapsulation potential
- Antioxidant potential of local fruits & vegetables
- Utilisationof locally available fruits/vegetables for production of value added products.
- Starch & its characterisation
- Sprouting & changes during sprouting.
- Protein characterization
- Food irradiation

Conferences / seminars / workshops organised by Department:

- The Department organized a two day National Seminar on “*Current Issues in Food Safety*” from 27-28 September, 2011.

Eminent scholars who visited Department:

- Prof. S.S.Thind, Department of Food Technology, PAU, Ludhiana.
- Dr. Sudershan Rao, National Institute of Nutrition, Hyderabad.

Research Projects initialed and completed by the Department

Title of the Project	Funding Agency	Amount Sanctioned	Status / Duration
Enhancing Research Capacity & Instating M. Sc & Ph.D Programme in the Area of Food Science & Technology	Department of Biotechnology, Government of India	Rs. 52,200,000.	Ongoing

New books / journals subscribed and their value: Acquired 29 books and 2 journals for Rs. 70,000. and Rs. 15,000. respectively.

Increase in infrastructural facilities:

- Computers for Rs. 151,000.
- UPS / Generator for Rs. 231,500.
- Lab equipments for Rs. 7,500,000.

Total financial aid / scholarship to students: Distributed Rs. 480,000. among 40 students

Student achievements and awards: Department Secured 1st position in a Food Quiz in 2011.

Placement services provided to students: 5 students got placement in Food Industries and 3 in Semi Govt. Organisations.

Resources generated: Rs. 750,000. generated through payment seats.

Healthy practices of Department:

- Industrial visits & Interaction with other research/academic institutions
- Conducting inter universities quiz competition

Grey areas:

- ✓ Dearth of faculty
- ✓ Paucity of space
- ✓ Inadequate cooperation by food industry for imparting inplant training to students

Faculty Profile:

a. Permanent faculty members:

Innovations in curricular design and transcription at UG/ PG level:

Practical courses designed more towards job market, community needs and extension education.

Syllabus revised: 10% -2010

Thrust areas of research:

- Women and Children;
- Community Nutrition;
- Dietary Habits/Bio-chemical assessment;
- Utilisation of coarse cereal;
- Nutritional Knowledge;
- Women Empowerment and Gender disparity;
- Assessment of various developmental programmes;
- Implementation and Assessment of Programmes for Women and Children.

Linkages developed with national / international academic / research bodies:

Mr. O.P Sharma IFS	Relevance of Traditional Kashmiri Herbs	15 September, 2011
Mr. M.A Shah, NIT Srinagar	Nano Technology	15 September, 2011

Eminent Scholars who visited Department:

Prof. Rajni Dingra, Department of Home Science, University of Jammu.

Increase in infrastructural facilities: Acquired LCD Projector for Rs. 74,000.

Resources generated: Rs. 40,000. generated through payment seats.

Student achievements and awards:

Ms. Sumaiya, a student of 4th Semester was awarded 3rd prize in a painting competition in the Intra University Youth Festival "SONZAL" organized by the Department of Students Welfare University of Kashmir.

Guidance and counselling:

- Contact Classes for P.G Diploma in Home Science (Distance mode).
- Academic counseling provided to the students.

Placement services provided to students: 02 students placed in University of Kashmir

Healthy practices of Department: Gender Sensitisation Programmes on confidence building of women.

Other information:

The Department is running an IGNOU Programme Centre for M.Sc Dietetics and Food Service Management.

The Department conducts contact classes for P.G. Diploma in Home Science through Distance Mode of Kashmir University.

Plans of the institution for the year 2012:

- The Department plans to enhance its research capacities in the following areas:
- Nutraceuticals and functional foods:
- Have a modern analytical lab to work on functional foods, equipped with advanced analytical equipments like HPLC, GLC, etc.
- Plans to have Diet and Health Clinic for counseling.
- Plans to establish Mobile Extension Education Unit which will demonstrate new technologies, organize seminars, exhibitions and film shows, provide solutions to need based problems faced by women and children in urban and rural areas. The unit will be equipped with all modern A.V. aids and adequate transport facility.
- A pre-school Laboratory for Human Development Students.
- Start Diploma course in Pre-Primary Education.
- Have integrated certificate/diploma courses with Women's Studies Centre.

New academic programs initiated at UG/PG level: M. Pharma.

Thrust areas of research:

- Novel drug delivery systems (NDDS).
- Pharmacognostic standardization, Phytochemical investigations and Anti-anxiety studies on some medicinal plants.
- Bioactivity guided studies on some medicinal plants for Anti-anxiety activity.
- Biochemical and Pharmacological evolution of locally available untapped natural plants for anti-diabetic and hepatoprotective potential.
- Pharmaceutical Biotechnology.
- Adverse drug Reaction Monitoring (Pharmacovigilance).
- Floristic studies of medicinal plants of Kashmir and Ladakh.

Extension lectures delivered in Department:

Resource Person	Theme of the lecture	Date
R. Raghu, Sr. Director Schordinger, USA	Recent advances in Computer Aided Drug design (CADD)	27 September, 2011

Research Projects initialed and completed by Department:

Title of the project	funding agency	Amount sanctioned	Status / Duration
Development and characterisation of Transdermal Drug delivery system	UGC	Rs. 185,000.	Near completion
Study of Ant diabetic activity of some medicinal plants	UGC	Rs. 195,000.	Completed
Prospective adverse drug reaction monitoring studies in Kashmiri patients	UGC	Rs. 180,000.	Ongoing
Isolation and characterisation of antimicrobial principle from a newly isolated microtetrastora species	UGC	Rs. 195,000.	Ongoing
Antihepatotoxic Activity of <i>Portulaca oleracea</i> L. from Kashmir Region	UGC	Rs. 195,000.	Completed
Phytochemical Screening & Antihyperlipidemic Evaluation of some Medicinal Plants from Kashmir Himalaya	CCRUM (AYUSH)	Rs. 1,400,000.	Ongoing
Investigations on grape seeds of Kashmir region for standardization, various Biological activities and formulation development.	UGC (under SAP)	Rs. 5,450,000.	Ongoing

New collaborative research programmes under taken:

- Delhi Institute of Pharma Sciences and Research (DIPSAR).
- Ranbaxy Research laboratories, Ltd, New Delhi.
- Jamia Hamdard, New Delhi.
- SKIMS, Srinagar.
- Indo-Soviet Friendship College of Pharmacy, Moga, Punjab.
- GMC, Srinagar.
- Andhra University
- RRIUM, Srinagar.
- IIIM, Jammu.

Linkages developed with national / international academic / research bodies:

- Delhi Institute of Pharmaceutical Sciences and Research (DIPSAR), University of Delhi, for collaborative research work and faculty/student exchange program.

Research grants received from various agencies:

Agency	Amount Received	Programme
CCRUM (AYUSH)	Rs.1,400,000.	Research

New books / journals subscribed and their value:

Acquired 383 books for Rs. 138,600.

Increase in infrastructural facilities:

- UPS/Generators for Rs. 900,000.
- Laboratory equipments (Lypho lyze, fumehood, HPTLC, voltage stablizer"s) for Rs. 5,000,000.

Financial aid / scholarship to students:

Distributed Rs. 349,574. among 23 B. Pharma students.

Resources generated for academic activities including Projects /Courses:

Source	Amount
Payment Seats	Rs. 1,800,000.
UGC (SAP)	Rs. 5,475,000.

Grey areas:

- Dearth of Faculty.
- Paucity of space.

Plans of the institution for the year 2012:

- Increase in infrastructure facilities of research labs.
- Increase in the number of UG labs.
- Creation of more teaching, technical/non-technical posts.
- Separate faculty status for Department.

Conferences / seminars / workshops organised by Department:

- The Department organised one day National Symposium on “*Esophageal Cancer- A Major Health Concern in Kashmir*” on 4 Feb 2011.

Research projects initiated and completed by Department

Title of the Project	Funding Agency	Amount Sanctioned	Status / Duration
Evaluation of genetic predisposition and environmental factors in esophageal cancer development in Kashmir – a case controls study.	ICMR	Rs. 3,200,000.	Ongoing/3 years
Dietary, Lifestyle and Genetic Determinants of Esophageal Squamous Cell Carcinoma in three populations of the Jammu, Kashmir and Ladakh	World cancer research fund International-UK (WCRF)	Rs. 4,000,000.	Ongoing/3 years

Regions of Northern India - A Feasibility Study.			
Identification of Genetic and Environmental Factors for Gastro Esophageal Malignancies in Kashmir Valley – a High Risk population by Comparing such factors with Low Risk Populations of the state – an ecological study.	Department of Science & Technology (DST) Govt. of India.	Rs. 6,700,000.	Ongoing/3 years
Genetic study of common variants at the Apo A, ApoB, Apo E genes in association with coronary artery diseases and its impact on apolipoprotein concentration in serum	Department of Science & Technology (DST) Govt. of India.	Rs. 1,776,000.	Ongoing/3 years
Association of genetic variations of the folate metabolism pathway gene with colorectal cancer susceptibility and its impact on folate levels in plasma/ serum.	Department of Science & Technology (DST) Govt. of India.	Rs. 1,816,000.	Ongoing/3 years
Cyp 3A4 polymorphism of ALL patients o Kashmiri population	Department of Science & Technology (DST) Govt. of JK	Rs. 1,304,000.	Ongoing/3 years
Understanding the mechanism of Small T induced apoptosis relevant to the treatment of Cancer	Department of Science & Technology (DST) Govt. of India.	Rs. 2,500,000.	Ongoing/3 years
RNAi screening for identifying Protein Phosphatase 2A (PP2A) subunits responsible for causing mitotic catastrophe, using Polyoma Small T as a screening tool	Department of Science & Technology (DST) Govt. of India.	Rs. 9,500,000.	Ongoing/3 years

Resources generated: Rs. 800,000. from payment seats.

New collaborative research programmes under taken:

Research Programme	Collaboration
Identification of Genetic and Environmental Factors for Gastro Esophageal Malignancies in Kashmir Valley – a High Risk population by Comparing such factors with Low Risk Populations of the state – an ecological study.	SKIMS, Srinagar
Hypermethylation studies in colorectal and stomach cancers	GMC, Srinagar
Evaluation of anticancer activity of lectins from medicinal plants of Kashmir	IIIM, Jammu
Evaluation of C-myc gene polymorphisms in leukemic patients in Kashmiri population	SKIMS, Srinagar
Assessment of some serine proteases and their inhibitor expression in lung cancer patients	IIIM, Jammu SKIMS, Srinagar

Research grants received from various agencies:

Honours /awards to the faculty:

- Prof. Akbar Masood, elected as Fellow of Royal Society of Chemists, England
- Dr. BA Ganai, Einstein Award for excellence, by American Biographical Institute, USA.
- Dr. Shajrul Amin, Scientist of the year (2011) conferred by NESA, New Delhi

New books / journals subscribed and their value: Acquired 62 books for Rs. 138,000.

Increase in infrastructural facilities:

- ♣ Teaching aids for Rs. 62,000.
- ♣ Lab equipment for Rs. 1,85,000.

Total financial aid / scholarship to students: Distributed Rs. 4,000. among 2 students and Rs. 12,000. among 4 research scholars. UGC Research Fellowship for meritorious students of Rs. 192,000. were given to 2 students.

Guidance and Counseling:

Teachers of the Department provide guidance and counseling to students in respect of the following:

- Selection of project work and seminar topics among the courses offered during 4th semester.
- Guidance about NET/SET/GRE/GATE and other national and state level academic competitive examinations.
- Information about the prestigious research institutes conducting research in frontier areas of Biochemistry and procedure for joining these institutions for pursuit of research studies.
- Students have been equally distributed among all the faculty members who act as their advisors/counselors. This has resulted in many of the pass outs being very well placed at National and International Institutes of teaching and research.

Placement services provided to students:

A number of pass out students of Department are pursuing their doctoral programmes in prestigious institutes of India, viz Indian Institute of Sciences Bangalore, JNCS Bangalore, CCMB Hyderabad, PGI Chandigarh, JNU New Delhi, etc. Some of them are currently also pursuing their PhDs and PDs in many institutes of international fame outside India like U.S, Canada, Germany and France.

Specific achievements:

- Best poster award in a Workshop organised by Department of Botany, KU on the occasion of its Golden Jubilee.
- Gulzar Ahmad Bhat, research scholar has been awarded Young Investigators, award in an international conference from 9-11 December, 2011 held at Bhatrtiyar University, Coimbatore.
- 9 students of Department qualified the National Eligibility Test (UGC-CSIR)

Other information:

The Department is engaged in diverse type of research activities, including isolation and characterisation of proteins/lectins, identification of toxicological effects of various pollutants on plants and identification, characterisation of components of medicinal value from local plants, gene polymorphism studies in various cancers and evaluation of predisposing risk factors in esophageal cancer in the Kashmir valley. Strengthening research in thrust areas.

Healthy practices of Department:

The Department continued with its practice of awarding the „Best Student of the Batch“ award and displaying the awardees pictures on the students wall.

Plans of the institution for the year 2012:

- To strengthen teaching in Molecular Biology, Toxicology, Protein Biochemistry, Medicinal Plants and Cancer Biology.
- To equip the laboratories with the latest state of art facilities.

Innovations in curricular design and transcription at UG/PG level:

Revised whole UG and 30% PG Syllabus in 2011 and introduced new courses such as Molecular Ecology and Molecular Breeding at post-graduate level.

Thrust areas of research.

- Plant invasions: species invasiveness, community invisibility, impact assessment and management
- Biodiversity characterization, conservation and sustainable utilisation in relation to regional development.
- Physiology of flower senescence and chemical regulation of vase life in selected ornamentals.
- Reproductive biology in relation to conservation of endangered and endemic plants.
- In vitro multiplication for commercial exploitation of economically important plants and conservation of threatened species.
- Mycorrhizal functional diversity and its role in plant performance and ecosystem function.
- Epidemiology, causes and control of some pathogenic diseases of important crops.
- Studies on mushroom diversity in relation to identification, cultivation, biochemical characterisation and antioxidant activity.

Conferences / seminars / workshops organised by Department:

- Organised a function to celebrate World Arbor Day on 22 March, 2011.
- Organised the International Day for Biodiversity on 23 May, 2011.
- Organised the workshop on “Sustainable Utilisation of Medicinal and Aromatic Plants of Kashmir Himalaya in Regional Development” on 15 October, 2011.

Research Projects initiated and completed by the Department

Title of the Project	Funding Agency	Amount sanctioned in INR	Status/Duration
Molecular characterisation of the ectomycorrhizal fungi of some important conifers of Kashmir Himalaya and the role of these fungi in sustainable rehabilitation of the degraded forest ecosystem. (PI: Dr Z.A.A Reshi)	Department of Biotechnology, Govt. of India	Rs. 4,689,000.	Completed
Creating a Genomics Platform for Apple Research in India” under Network Programme Biotechnological Interventions in Apple. (PI: Dr A A Wani)	Department of Biotechnology, Govt. of India	Rs. 5,580,000.	Ongoing
Project on reproductive Biology of four Rare Endangered and Threatened trees of Kashmir Himalaya. (PI: Dr A H Munshi)	MoEF	Rs. 3,690,000.	Ongoing
Cultivation Propagation and Genetic Diversity of <i>Fagopyrum sp.</i> Growing in Kashmir Himalaya. (PI: Dr A H Munshi)	UGC	Rs. 1,125,000.	Ongoing

Resources generated for academic activities including Projects: Rs.1,800,000.

Research grants received from various agencies:

Agency	Amount Received	Programme
DST, New Delhi	Rs. 682,000.	FIST
UGC	Rs. 700,000.	11 th Plan for Research

New collaborative research programmes under taken:

- Dr. Zafar Ahmad Reshi has collaborations with MIREN---for Plant Invasion Studies in Himalayan Mountains; with Centre of Forestry, Laval University, Canada, for Impact Assessment of Plant Invasions on Soil Microbes through Molecular Approaches and with Thapar University, Patiala, India, for the study of ectomycorrhizal Diversity.
- Dr. Irshad A Nawchoo, has collaboration with Indian Institute of Integrative Medicine, Kashmir, for Chemical Profiling and Tissue Culture of Important and Endangered Medicinal Plants; with Jamia Hamdard, New Delhi, for Reproductive Biology and Chemical Profiling of Medicinal Plants; with Delhi University, Delhi, for Chemical Profiling of Medicinal Plants and with NBPGR, New Delhi for, Exchange of Seeds/Propagules for Germplasm Conservation.
- Dr. A. H. Wani has collaboration with SKAUST (K), Shalimar for mushroom cultivation and mushroom diversity and with A.M. U., for characterisation of Plant viruses.
- Dr. Zahoor A Kaloo, has collaboration with Indian Institute of Integrative Medicine, Kashmir, for Production of Therapeutic Compounds from Medicinal and Aromatic Plants.

- Dr A. A. Wani has collaboration with Centre for Cell and Molecular Biology, Hyderabad; School of Biotechnology, University of Jammu; Dr. Y. S. Parmar University of Horticulture and Forestry, Solan and GB Pant Institute of Himalayan Environment & Development, Almora for creating Genomic Platform for Apple Research in India.
- Dr. Manzoor A Shah has collaboration with Centre of Environmental Management & Regional Development, Université Laval, Quebec, Canada, for Predictive Modelling of Plant Invasions and with MIREN. He has collaboration also with Professor R.M. Callaway, Division of Biological Sciences, University of Montana for studying biogeographical basis of invasion.
- Mr. Mohammad Arif Zargar has collaboration with Indian Institute of Integrative Medicine, Kashmir, for Phytochemical Analysis of Some Plants.
- Mr. Anzar A Khuroo has collaboration with MIREN and with Dr Ewald Weber, Institute of Biochemistry and Biology, Biodiversity Research, University of Potsdam, Germany for studying taxonomic patterns of invasive species.

Eminent scholars who visited Department:

- Prof. Irshad Hamal, Vice Chancellor, BGSBU, Rajouri, Jammu and Kashmir State on March, 2011
- Prof. Krishan Kumar, YSP University, Solan HP on 5 May, 2011
- Dr. Riyaz-ul-Rouf Mir, ICRISAT, Hyderabad, AP, India on 15 May, 2011
- Dr Tariq Hussain, Head, Division of Biodiversity & Taxonomy, National Botanical Research Institute, Lucknow in June 2011
- Prof. Ajit Verma, Director General Amity Institute of Microbial Technology and Innovation Foundation (ASTIF- AMITY University UP) on 29 September, 2011
- Prof, S. K. Sopory, Vice-Chancellor, JNU, New Delhi on 15 October, 2011
- Dr. Meenakshi Munshi, Joint Director, Ministry of Science and Technology, N. Delhi on 15 October, 2011
- Dr. Farooq Ahmad Lone, Director Agriculture/Horticulture, J & K State Government on 15 October, 2011
- Mr. G. H. Shah, Director Horticulture and Floriculture, J& K State Government on 15 October, 2011

Extension lectures delivered in Department:

Resource Person	Theme of the Lecture	Date
Dr. Riyaz-ul-Rouf Mir, ICRSAT, Hyderabad	Marker assisted selection for crop improvement.	15 May, 2011
Prof. Krishan Kumar, YS Parmar University, Solan	Temperate fruits of India	5 June, 2011
Prof. Ajit Verma, Amity University	Biotechnological application of novel symbiotic fungus <i>Pyriformospora indica</i>	29 September, 2011

New books / journals subscribed and their value:

Acquired 162 books for Rs.192,000.

Increase in infrastructural facilities:

Learning Resource/ Infrastructure	Number	Cost (INR)
Computers	5 No	Rs. 237,352.
Classroom Aid	Screen - 4 No	Rs.28,000.
UPS/Generator	10 KVA Online UPS - 1 No 15KVA Servo Stabiliser- 2 No	Rs. 260,000. Rs. 126,000.
Lab. Equipment	Ice maker- 1No Centrifuge -1No Autoclave -1 No	Rs. 215,650. Rs. 120,000. Rs. 52,844.

Total financial aid / scholarship to students:

Provided Rs.120,000. to 04 research scholars and Rs.9,600 to 4 PG students.

Awards / honours / fellowships

- ♣ Prof. G. H. Dar was awarded Scientist Emeritus Fellowship by the UGC in March 2011
- ♣ Dr Irshad A Nawchoo awarded a Prize and Certificate for best oral presentation at International Conference held in the Department of Botany, University of Pune in January, 2012.

Specific achievements of Department

- Selected for funding under Special Assistance Programme (SAP-Phase-I) of the University Grants Commission, New Delhi
- Received special funding from the Department of Science and Technology, Govt. of India under its FIST programme and University Grants Commission, New Delhi under its BSR (Basic Scientific Research) scheme.
- Developed Molecular Biology Laboratory and Computer Laboratory out of the grant sanctioned under FIST and SAP Programme.
- About 05 students qualified CSIR-UGC JRF/ NET/ SET/ ARS and other related competitive examinations.
- Participating in an All India Network research programme sponsored by the Department of Biotechnology, Govt. of India, which is related to creation of Genomics platform for apple research in India.
- Initiated the construction of state of art Green House facility in the KUBG.
- An auditorium for seminars and other related activities established.
- Renovated the Departmental Library and has provided in every classroom and laboratory with internet facility.

Healthy practices of Department:

- ♣ Awards and mementoes to students who qualifying CSIR-UGC JRF/NET, examination etc..
- ♣ Publication of annual Newsletter highlighting the contribution and academic achievements of the Department.
- ♣ Conduct of Botanical tours both within and outside the state to educate about the biodiversity of places and to know institutions of educational and botanical importance
- ♣ Interaction of students with national and international scientists through organisation of special lectures, workshops etc.

Grey areas:

- ♣ Insufficient laboratory infrastructure for undertaking research in more advance areas of biological sciences.

Plans of institution for the year 2012:

- Augmentation of laboratory infrastructure for taking up research in certain frontline areas of molecular biology and biotechnology.
- Strengthening of existing research collaborations and forging new fruitful and mutually beneficial partnerships with national and international institutions and agencies.
- Up gradation of Centre for Biodiversity and Taxonomy and enhancement of its role in capacity building for inventorisation and characterisation of plant resources of the region vis-à-vis regional development.
- Establishment of Green House facility in the KUBG for undertaking experimental studies under controlled conditions in different Specialisation of Botany.
- Development of a Lead Garden for conservation of regional biodiversity.

Other information:

The Department has completed 50 years of its existence and organised a Golden Jubilee functions on 15th October, 2011 wherein in some alumni of the Department participated. The Chief Guest on the occasion was Professor S. K. Sopory, Vice Chancellor, JNU, New Delhi who is a distinguished alumnus of the Department.

A comprehensive proposal for establishment of a *Lead Garden* has been submitted to the Ministry of Forests and Environment, Govt. of India.

Faculty Profile:

a. Permanent faculty members:

PCOS in adolescent girls	DST (J&K)	Rs. 300,000.	Ongoing

Resources generated: Rs. 3,100,000. generated through payment seats

Collaborative research programmes:

- "Cancer Studies" with IIIM, Jammu, India.
- "Free radical and Oxidative stress" with Department of Biochemistry, Jamia Hamdard, New Delhi.
- "Polycystic Ovarian Syndrome" with Department of Endocrinology, SKIMS, Soura, Srinagar.
- "Recombinant monoclonal antibody fragment development" with Prof. Carola Hunte, University of Freiburg, Germany.

Research grants received from various agencies:

Agency	Amount Sanctioned
DST (J&K)	Rs. 300,000.

Linkages developed with national / international academic / research bodies:

For undertaking the Internship/Project trainings of our 4th semester students; new linkages were developed with following research institutes:-

- ❖ National Centre for Biological Sciences (NCBS), Bangalore, India

- ❖ Center for DNA Fingerprinting and Diagnosis (CDFD), Hyderabad, India.
- ❖ AIIMS, JNU, IGB, New Delhi.
- ❖ IIIM, Jammu and Srinagar, India.
- ❖ SKIMS, Soura, Srinagar, India.

Eminent scholars who visited Department:

- Dr. M L Khurana, Professor & consultant, Dept. of Endocrinology, All India Institute of Medical Sciences, (AIIMS), New Delhi on 9-5-2011.

Increase in infrastructural facilities:

- DLP projector for Rs. 53912.
- Lab equipments for Rs. 537,876.

Student achievements and awards:

- 10 students qualified the CSIR –UGC- JRF/NET Examination during 2011.
- Some students qualified for the ICMR / DBT- sponsored fellowships.
- Some others qualified examinations held by IISc, JNU, JNCAR, NCBS, etc.
- Some are perusing their doctoral studies at:
 - ❖ University of Massachussets, USA.
 - ❖ University of oxford, UK
 - ❖ National Institute of Immunology
 - ❖ Indian Institute of Sciences, Bangalore
 - ❖ CDFD, Hyderabad.
 - ❖ JNCAR, Bangalore
 - ❖ NCBS, Bangalore
 - ❖ CCMB, Hyderabad
 - ❖ JNU, New Delhi
 - ❖ PGI, Chandigarh
 - ❖ Jamia Millia Islamia
 - ❖ Jamia Hamdard.

Guidance and counseling:

- A consultancy camp was organised in collaboration with SKIMS, where females especially students were made aware and assessed about PCOS AND METABOLIC SYNDROMES. The department conducted various tests including USG diagnostics free of cost.
- Population based study of PCOS in kashmiri women in progress with SKIMS.

Healthy practices of Department:

- Beckon students to participate in co-curricular activities.
- Arrange regular trainings for NET related Exams where Teachers act as counselors and guides.
- Regular motivational interactions with the senior students to incite research interests
- Arranging of institutional assents for internship trainings in hospital and medical institutes of repute
- Dedicated 4th semester to Hospital based trainings which hones the diagnostic and interpretative skills of students and improves their practical utility
- Host institute Grading ensures active participation and punctuality at the site of trainings
- First hand interaction with experts at Medical institutes and Hospitals of repute giving academic exposure which in-turn instills confidence in the students.
- Course designed keeping an eye on national level competitive examination.
- Curricula revised after getting regular feedback from all stakeholders. Views of the passed out students, teachers and experts are given serious considerations.

Grey areas:

- Limited financial resources for research in Clinical Biochemistry to develop recombinant monoclonal antibodies for clinical and therapeutic use, and Recombinant protein therapeutics laboratory and to establish the Clinical structural biology Laboratory.
- Paucity of space
- No budgetary support.

Plans of the institution for the year 2012:

- Inauguration of Diagnostic Laboratory;
- Establishment of Research facilities;
- Improvement of Infrastructure & Accommodation;

Thrust areas of research:

- Phytochemical investigation of medicinal and aromatic plants of proven therapeutic value in Indian system of medicine
- Biotransformation of principal natural products into pharmacodynamic compounds
- Studies on chemical complex systems with respect to Kinetics and Mechanism.
- Syntheses & invitro mechanistic studies of metal complexes as anticancer drugs.
- Microwave assisted synthesis / transformation of pharmacologically active compounds and organic reactions involving DMSO
- Studies on the sequestration of heavy metal ions with N,S, O and other electro active elements containing ligand
- Surfactant-surfactant and surfactant-polymer interactions
- Enhancement of aqueous solubility of poorly water soluble medicinally important and environmentally hazardous compounds using micellar media.
- Complexation effect on redox potential of Transition metal ions and its novel applications.
- Quantum chemical computations and material chemistry

Conferences / seminars / workshops organised by Department:

- The Department organised DST-PAC meet (Physical Chemistry) in which 11 research experts, 02 DST members and 28 project investigator participated, from 21- 24 September, 2011.

- The Department in collaboration with Indian Association of Chemistry Teachers (IAPT), Pune and Homi Bhabha Centre for Science Education (HBCSE), TIFR, Mumbai conducted National Standard Examination – International Science Olympiads, on 27 November, 2011.

Research Projects initialed and completed by Department :

Title of the project	funding agency	Amount sanctioned	Status / Duration
Studies on Oscillatory chemical Reactions	UGC	Rs. 1,176,000.	3 years
Electrochemical Investigations on electro-reduction of Poly halogenated Hydrocarbons in room temp. ionic liquids.	DST	Rs. 4,600,000.	Initiated
Role of Antioxidants/drugs and other additives on the Kinetics and Mechanism of BZ/BR/BL Reaction dynamics.	DST	Rs.8,000,000.	Submitted

Extension lectures delivered in Department:

Resource Person	Theme of the lecture	Date
Dr. Kounsar Majid, Sr. Lecturer, NIT, Srinagar.	On Central theme of International Year of Chemistry-2011 –Chemistry in our lives”	4 June, 2011
Dr. A. S. Shawl, Head Indian Institute of Integrated Medicine, Sanatnagar, Srinagar.	On Central theme of International Year of Chemistry-2011 –Chemistry in our lives”	18 June, 2011
Prof. Nitin Chattopadhyay, Jadavpur University, Kolkata.	Electrostatic pushing: A prospective strategy enhanced drug delivery.	06 October, 2011
Prof. Kumar Vanka, Scientist National Chemical Laboratory, Pune.	1. General Overview of computational methods with emphasis on density functional theory. 2. Applications of density functional theory to problems in Chemistry.	24 October, 2011
Dr. Sarika Maitra Bhattacharyya, National Chemical Laboratory, Pune.	1. Genesis of mode coupling theory and applications to liquid dynamics. 2. Dynamics of soft materials understanding glasses transition.	24 October, 2011
Dr. Neelanjana Sengupta, Senior Scientist, National Chemical Laboratory, Pune	1. Molecular Dynamics (MD) Simulations of Biomolecular systems. 2. Probing structure, Solvation & spectra of Peptides and Proteins using MD simulations.	24 October, 2011

New books / journals subscribed and their value:

Acquired 99 books for Rs. 178,400.

Increase in infrastructural facilities:

Learning Resource/Infrastructure	Number	Cost (Rs.)
Computers /Printers	7	271,210.
Teaching aids	8	879,497.
UPS / Generator	1	299,025.
Lab equipment	10	6,091,353.

Financial aid / scholarship to students: 02 Research scholars provided Rs. 180,000.

Guidance and Counseling:

Guidance and Counselling provided for NET, SET, GATE and even provide the relevant materials to students.

Placement services provided to students:

Placement in an organisation	No. of Students
CSIR Lab. (IIIM Srinagar)	02
Placement at UG and Sec. School level	07

Resources generated: Rs. 1,879,000. generated through payment seats:

Healthy practices of Department:

- Establishment of Chemical Society for promotion of academic practices.
- Organisation of extension lectures on thrust areas of research and allied subjects, student awareness programmes (HIV/AIDS), Cancer (risk and preventive measures), student counseling, health education & moral education by debit to Chemical Society and internal quality assurance funds.

- Financial assistance to poor students belonging to under privileged & weaker sections of the society by debit to Chemical Society funds.
- Provision for well furnished lobby for female students with attached washroom facility.
- Xerox facility on "No profit – No loss" basis for students, scholars and faculty.

Specific achievements of Department:

- The Department of Chemistry owing to the best performance in teaching & research has been accorded a grant of Rs. 1.85 crore by DST Govt. of India under FIST Level-1 for upgradation of infrastructure with respect to scientific equipments, research labs & quality books in the Departmental library.

Awards / honors to the faculty:

- Dr. Aijaz Ahmad Dar was awarded Summer Research Fellowship by Indian science academies IASc- INSA-NASI and worked for two months at Indian Institute of Technology, Bombay, Mumbai during 1st Nov.-31 December, 2011 for the development of efficient FRET based sensors.
- Dr. G. M. Peerzada delivered a lecture in the Eighth International Conference at Boston, USA from 26 June - 1 July, 2011.

Plans of the institution for the year 2012:

- ♣ To organize faculty development programmes like workshops, seminars / winter schools, refresher courses & conferences for the benefit of Chemistry fraternity.
- ♣ To undertake new major and minor research projects from agencies like DST, DBT UGC etc., in order to promote the existing research activities in the department.
- ♣ To conduct the meetings of Board of Undergraduate and Postgraduate studies for the upgradation of curriculum at all levels in the subject.
- ♣ Research activity on atmospheric Chemistry will be carried alongwith the other departments in the concerned faculty to establish centre of excellence in atmospheric science in the university.

Inter-disciplinary programmes started:

Post Graduate Diploma in Disaster Management to be initiated from the session -2012.

Thrust areas of research

- Applied Geomorphology
- Glacial Studies
- Urbansation and Spatial Developmental Planning
- Environment and Health
- Tourism and Developmental Planning
- Watershed Studies
- Agriculture and Rural Development
- Disaster Management
- Human Resource Analysis
- Remote Sensing and GIS Applications

Thrust areas identified under UGC-SAP

- a) Natural Resources Appraisal (Western Himalayan Region)
- b) Hill Area Development with special reference to Kashmir Region

Conferences / seminars / workshops organised by Department:

The Department organised two day National Seminar on –Himalayan Resource: Issues, Challenges & Management Strategies” 11-12 October, 2011.

Research Projects initialed and completed by the Department:

Title of the project	Funding agency	Amount sanctioned	Status / Duration
Anthropogenic Impact on Land use Dynamics of Western Himalayas- A case Study of Liddar catchment of Kashmir Valley	Indian Council of Social Science Research (ICSSR)	Rs. 700,900.	Completed/2Yrs
Snow Assessment, Snout Monitoring and Glacial Geomorphological Investigation of Neh Nar Glacier of Sind Valley, Kashmir	Department of Science & Technology (DST),	Rs. 2,157,200.	Ongoing/3Yrs.
Urban Sprawl of Srinagar City- An Impact Assessment Analysis Using Geo-Spatial Tools	UGC	Rs. 869,300.	Ongoing/3yrs.

Funded projects published by Department:

- Snow and Glacier Studies.
- National Wetland Atlas: Jammu and Kashmir.
- Biodiversity characterisation at Landscape Level using Satellite Remote sensing and GIS. (ISBN 978-81-211-0818-8).

Thrust areas of research:

- Remote Sensing & GIS
- Climate Change and Water Resources
- Seismology
- Structure & Tectonics,
- Sedimentology
- Hydrogeology
- Paleoclimate
- Geochemistry

Conferences / seminars / workshops organised by the Department:

- Organised ten day regional functions on *“Earth Day Celebration-2011”* from 22 April – 1 May 2011.
- Organised seven day National Camp on *“NSPIR Science Camp -2011”* from 25 -31 July 2011.
- Organised two day National Seminar on *“GGoverence”* from 13-14 September, 2011.
- Organised one day National workshop on *“Application of Isotope techniques in industry and water resource development and management”* on 12 September, 2011.
- Organised one day National meeting on *“Project Monitoring Committee meeting-MoES, New Delhi”* on 7 October, 2011.

Research projects initialed and completed by Department:

Title of the project	funding agency	Amount sanctioned	Status / Duration
Snow and glaciers studies in Kashmir Himalayas (Phase-II).	Indian Space Research Organisation , Ahmadabad.	Rs. 3,000,000.	3 years
Desertification studies using SAR data (Phase-II).	Indian Space Research Organisation , Ahmadabad.	Rs. 1,000,000.	3 years
Flood risk management and disaster mitigation.	DST Govt. of India	Rs. 2,500,000.	2 years
Impact of changing climate and land cover on the hydrology of Jhelum basin.	Ministry of Earth Science, Govt. of India	Rs. 6,500,000 .	3 years

Honors /awards to the faculty:

- Dr. Shakil Ahmad Romshoo, won the Best Paper Award (Shared with a student) for the paper –*Assessing the Indicators of Climate Change in Kashmir Himalayas*” at National Symposium of the Indian Society of Geomatics on Climate Change and Land degradation, MDS University, Ajmer , Rajasthan, India from 3-5 February, 2011 at Indian Society of Geomatics (ISG), at Ajmer India

New books / journals subscribed and their value:

Acquired 198 books and 01 journal acquired for Rs.

100,000 and Rs. 400. respectively.

Increase in infrastructural facilities:

Learning Resource/Infrastructure	Number	Cost (Rs.)
Computers	25	Rs. 862,794.
Teaching aids	01	Rs. 20,316.
Digital field photographic Camera		
UPS / Generator		
1. 10 KVA UPS	01	Rs. 260,000.
2. 15 KVA Servo Stabilizer	01	Rs. 126,000.
Lab equipment		
1. Lieca DM-750 Microscope with Digital photographic attachments.	01	Rs. 780,765.
2. Digital weighing Machine	01	Rs. 188,410.
3. Polarizing Microscopes	10	Rs. 133,245.
4. GPS	05	Rs. 204,750.

Financial aid / scholarship to students: Rs. 12,000. provided to 05 students.

Student achievements and awards:

- Three Students selected as Geologists in Geological Survey of India (GSI), GOI.
- Two students selected as Geologists in Oil & Natural Gas Commission, India.
- One student selected as Geologist in IRCON Railway.
- One student qualified JRF-NET CSIR Examination.
- Three students qualified UGC-NET Examination.

Guidance and Counseling:

- Continuous motivation and encouragement to the students to prepare for state & national level competitive examinations i.e. JRF-NET Examination, SET, KAS, IFS, UPSC Geologist Examination and GATE for carrier and higher education.

Placement services provided to students:

Placement in an organisation	No. of Students
Geological Survey of India, Govt. of India.	03
Oil & Natural Gas Commission, Govt. of India.	01
IRCON Railway, Govt. of India.	01

Resources generated for academic activities including projects /courses:

Source	Amount
Payment Seats	
1. M.Sc. Applied Geology	Rs. 100,000.
2. M.Sc. Geoinformatics (Self financing 12 seats)	Rs. 1,200,000.
1. Self financing 10 seats of PGDRS&GIS course @ Rs. 30,000. per student.	Rs. 300,000.
2. Sponsored Projects	Rs. 1,4300,000.

Healthy practices of Department:

- National and International Research Collaboration.
- Sponsored research project & schemes.
- Collaboration with J&K State Departments.
- 100% job placement in P.G. Diploma in Remote Sensing and GIS.
- Active participation in the University initiatives particularly Energy, Climate Change and Good-Governance
- Outreach activities like workshop and conferences on various themes of scientific and societal importance are a regular feature in the Department.
- Organisation of health care programme for students.
- Organisation of extension lectures.
- Motivation and encouragement to the research scholars to attend the training programmes/workshops to improve the technique and methodology of their work.
- Encouragement to the students for the set-up of student study circle and activities of Alumni Association.
- Organisation of social awareness camp on natural hazards and disaster management.
- Organisation of local Geological field Tours.

Specific achievements of Department:

During its short existence, the Department got several projects & has entered in to collaborations with national and international institutions.

Plans of the institution for the year 2012:

- To develop infra-structure for setting up geological museum.
- To develop infra-structure for starting M.Sc. Geophysics.

New books subscribed and their value. Acquired 100 books for Rs. 200,000.

Increase in infrastructural facilities:

- Computers (20) for Rs. 600,000.
- Lab equipment for Rs. 200,000.

Financial aid/scholarship to students: Distributed Rs. 48,792. among 12 PG students and Rs. 63,000. among 2 Research Scholars.

Specific achievements of Department:

The Department of Physics signed an MOU with Oak Ridge National Laboratory USA in 2010 which will enable our researchers to use the facilities available there.

Healthy practices of Department:

The Department encourages contact between students and faculty to develop reciprocity and cooperation and has largely been able to stick to a time schedule for academics, examinations etc. Course work was completed even during vacations. The Department also organises lecture series by eminent researchers in different specialisations.

Grey areas: Paucity of space.

Plans of the institution for the year 2012:

- To get FIST
- To organise Extension lectures,
- To hold Workshops,
- To upgrade laboratories.

Prof. Jagdish Saran, Delhi University	On order Statistics	14-11-2011

New books / journals subscribed and their value: Acquired 61 books for Rs. 20,975.

Increase in infrastructural facilities:

Learning Resource/Infrastructure	Number	Cost (Rs.)
Computers	05	168,000
UPS / Generator	01	100,000
DVD Writer	05	1,050
Colour printer	04	27,790

Financial aid / scholarship to students: Distributed Rs. 77,988. Among 20 PG. students and 6 scholars received Rs. 140,700.

Resources generated through payment seats: Rs. 152,000.

Placement services provided to students:

Three students from the Department have been appointed as Assistant Director planning and evaluation J&K Govt. Almost ten students were appointed as Executives in JK Bank Several others have been appointed as Statistical assistants

Specific achievements:

The Department regularly organizes lectures by eminent teachers from different Universities for the students appearing in Indian Statistical Services (ISS), Kashmir Administrative Services (KAS) NET, SLET and other competitive examinations.

Grey areas: Paucity of space

Healthy practices of Department:

The Department caters the needs of research scholars in terms of statistical guidance on data analysis of various Departments of the University and Medical Institutes of the valley.

Plans of the institution for the year 2012:

- The Department plans to organize a short term course using statistical software's for research scholars and faculty members of University.
- Department proposes to hold Refresher Course in Statistics including a symposia on official statistics.

North Campus Delina Baramulla ***northcampus.uok.edu.in***

The North Campus at Delina, Baramullah, 45 km from Srinagar, is spread over 76 acres. The satellite campus focuses on professional/ job-oriented courses with the purpose to provide access to a quality higher education experience that prepares a diverse community of learners to think critically, communicate effectively, demonstrate a global perspective and engage in lifelong learning and service to others.

Director: Prof. Iqbal Ahmad Hakim

Student Support Services

Library Facilities: The campus has a library with a total collection of about 6000 books.

Laboratory Facilities: The Campus has Physics, Chemistry, Electrical and Digital Electronics laboratory facilities for the B.Tech (CSE) course run at the campus. Besides additional labs including mechanical labs and engineering workshops are in the process of development.

Computer Labs: The campus has two fully equipped computer labs housing 30 thirty computers in each for B.Tech and MCA courses. Besides two additional classroom-cum-computer labs with 65 All in one PC's shall be ready by April 2012.

Sports & Cultural activities: The campus presently runs at ridge top and therefore limited sports activities are possible at the campus. However though, the sports kits have been made available for the students which are made fully used during the break/ free sessions. The students are also encouraged to take part in the sports and cultural activities and competitions organised or held at the main campus.

Hostel facilities: Two private buildings have been hired at a distance of two kilometers to provide hostel facilities to 40 male students. For female students request is being made to accommodate at the near-by Govt. Degree College Baramulla. However though, two hostels; one for boys and the other for girls are coming up on the next couple of years as the grants from the UGC has been sanctioned.

Transport facilities: The campus operates buses to provide transport facilities to the students on payment basis. The students who intend to avail the transport facility have to apply on a prescribed form which can be had from the office.

Jammu and Kashmir State Resource Centre (J&K SRC)

Jammu and Kashmir, State Resource Centre was established in the year 1978, funded by Ministry of Human Resource Development, Government of India, New Delhi. It has a specific mandate to provide academic and technical support base in terms of Material, Training, Field Programmes, Media Back up, Research, Monitoring and Evaluation to the literacy programmes in J&K State. The SRC has some unique features which distinguish it from other SRCs of the country. This Centre has to take care of all the three regions of the State namely Jammu, Kashmir and Ladakh, which are culturally, ethnically and geographically diverse.

There are 12 approved spoken languages in the State. Therefore, this centre in addition to Urdu and Hindi has to take up preparation of basic as well as post literacy and continuing education material in 12 others spoken languages also.

Present Director: Mr. Shoukat Farooqi

Centre has five separate divisions:

Material production:

Centre designs need based teaching learning material for:

- Basic Literacy
- Post Literacy
- Continuing Education Programme
- Panchayat Raj Functionaries
- Production and publication of materials like Chart, Poster, Stickers, Banners, and Folders for Environment Building.

Training

SRC designs and organizes training programmes for:

- Adult Education/TLC functionaries
- Non-Government Organisations
- Self Help Groups
- Panchayat Raj Functionaries
- Integrated Child Development Scheme (ICDS Workers)
- Staff Development of various organisations.
- Sensitisation/Orientation of various organisations regarding implementation strategies of different literacy programmes.
- Training of Govt. and Non-Govt. Organisations.

Monitoring and Evaluation:

The Centre conducts continuous monitoring of literacy programmes, viz TLC, PLP and CE in the State, in order to assess weakness and strengths and lay down corrective measures. Monitoring of Sarva Shiksha Abhyan in Kashmir Division including Leh and Kargil.

Media and Research:

Planning and conducting research in the field of:

- Literacy
- Gender inequality
- Non Formal Education
- Social problems
- Health and hygiene
- Developmental issues
- Panchayat Raj
- Publication of News Letters, Broachers etc
- Media back up to literacy movement through awareness drive in print and electronic media.

Some Innovative Programmes of SRC:

- Literacy and Skill Development Courses for jail inmates where literacy is coupled with various employment generating schemes
- Craft Based Literacy Centers for illiterate adult women with craft courses to enable the learners to be self reliant
- Modern Literacy and Skill Development Courses (Earn while you learn)

Linkage/Networking:

The Centre has links with different agencies in the State having interest and capacity to support literacy programmes. These include:

- ✓ Education Secretariat, J&K
- ✓ Directorate of Education
- ✓ District Development Commissioners

Centre for Biodiversity and Taxonomy (CBT)

The Centre for Biodiversity and Taxonomy is an important adjunct of the Department of Botany, University of Kashmir. Since its inception in 1981, the Centre has contributed significantly in the documentation, conservation and sustainable use of the biological resources in this Himalayan region. Over the years, the Centre is unfailingly providing scientific nomenclature and identification services to hundreds of research scholars and scientists from other departments of this University, and the various departments of State Government, particularly, SKUAST (K), Forests, Environment, Agriculture, Horticulture, Floriculture, etc. The Centre has carried out field survey and specimen collection of biodiversity of the different areas such as Kishtwar, Rajouri, Poonch, Karnah, Gurez, Nubra, Zaskar, and other such far-flung areas are being undertaken regularly. The Herbarium of the University of Kashmir, recognized by the New York-based *International Bureau for Plant Taxonomy and Nomenclature* under the acronym KASH, is housed in the Centre.

Programmes offered: M Phil, Ph D.

Objectives

- ✓ To discover and document the biodiversity of the Kashmir Himalaya.
- ✓ To explore the resource potential of the biodiversity for its sustainable utilisation in the regional development.
- ✓ To assess the magnitude of various threats to biodiversity of the region.
- ✓ To devise scientific and successful strategies for the conservation of threatened biodiversity.
- ✓ To raise awareness about biodiversity conservation among the stakeholders and policy makers.

Botanical Garden (KUBG)

Incharge Officer: Dr Zahoor A. Kaloo

Brief Profile of Botanical Garden:

The KUBG, established in 1961 with main emphasis on ornamental plants, was subsequently expanded and enriched. Presently, it is spread over an area of about 10 acres, most of which is being utilized for growing wild flora of the Kashmir Himalaya. Various kinds of plants are grown in specific sections, such as Coniferatum, Shrubbery, Rosarium, Medicinal plant unit, Endemic plant section, Bulbous section, etc. Arboreals in the Coniferatum are represented by species of *Pinus*, *Cedrus*, *Abies*, *Juniperus*, *Taxus*; whereas a number of rare and threatened plants are grown in other sections of the Garden. A small pond with a canal is used for growing aquatic plants. Glass and Hot houses in the Garden are used for growing the tropical and subtropical exotic ornamental plants, including Cacti. To give an aesthetic tinge, the two lawns lying along the entrance of the Garden are used for cultivation of seasonal flowering plants. In addition, the Garden is also used for experimental and research activities by the students and research scholars of the Department of Botany.

A proposal worth Rs. 01 crore under the Lead Garden Scheme has been submitted to the Ministry of Environment and Forests, Govt. of India, New Delhi. Under this proposal, the Garden will be augmented with modern infrastructure, such as Open Top Chamber, Nature Interpretation Centre, High-altitude laboratory and allied facilities.

Total Budget:

Budget received	Revenue generated	Expenditure on
Rs. 150,300.	-	Maintenance

Area of Botanical Garden: 10 acres

Plant species grown in the garden: 620

New plants added during the year: 70

Plants grown under Hot-house/Glass-house: 300

New additions during the year: A state-of-the-art Green House (size: 25 x 60 ft.) with controlled experimental facility has been established during the current year.

Other information:

- Construction of entrance gate.
- Extension of herbal section.
- Labeling of all the plants growing in the garden.
- Renovation of glass-house and gardener's hut.
- Development of 150 transplantation beds.

The Central Asian Museum

Soon after the establishment of the Centre of Central Asian Studies in 1979, efforts were directed at creating a Central Asian Museum. It was almost after two years of strenuous work that the museum was inaugurated on 24th October, 1981. It is meant to create awareness and enthusiasm among the people as well as to create facilities for the scholars to study the cultural and historical relations of Kashmir with Central Asia. The museum was initially established with a few art objects acquired through the efforts of Sheikh Mohammad Abdullah (Ex. Pro-Chancellor of the University). During the past 31 years, the museum received donations from the leading luminaries from India and abroad which substantially added to its collection. The Centre is also purchasing such antiquities that are most relevant for the study of Central Asia. Various institutions have also lent support for the growth of the exhibits.

At present, the museum has a varied collection of genuine antiquities and artefacts, including specimens of archaeological significance, iconographic and artistic marvels, numismatic record, ethnographical varieties, craft specialities, and many other *objects de art*. These specimens speak about the history and culture and take one through the periods of civilisational developments, artistic achievements and mental capabilities of the people living in the vast space of Central Asia. Besides, the antiquities from Kashmir, Ladakh and Gilgit, the museum houses artefacts from Khotan, Tibet, Uzbekistan, Kazakhstan, Tajikistan, Mongolia and Pakistan. For entertainment, appreciation and acquisition of knowledge, the cultural deposits are laid out in the museum in a number of show cases. Supported by visual aids, these allow to engross the visitors. The visitors have always been a source of encouragement and have most often appreciated the efforts that have gone in proper and meaningful exhibition of the collection.

The Museum has also put on theme oriented short-term temporary exhibitions on

- ♣ Central Asia: Life and Culture
- ♣ Art of Calligraphy
- ♣ Qur'an and Bindings
- ♣ Life and Works of Ibn-i-Sina
- ♣ Rare Manuscripts and Estampages of Inscriptions
- ♣ Sir Aurel Stein and His collection of Rare Photographs
- ♣ Life and Culture of Kashmir
- ♣ Ladakh: Life and Culture
- ♣ Central Asia through the Ages
- ♣ Rare Paintings and Manuscripts
- ♣ The Art of Integration

The artifacts from the museum are also lent to other museums in the country and abroad that organise special exhibitions on different occasions. Five of its exhibits were sent to USA for one such exhibition.

The Museum remains open on all working days. No entry fee is charged. Photography is restricted, however, fees are charged from the visitors who visit it with commercial purpose.

Thrust areas of research:

- Aquatic Ecology
- Fish and Fisheries
- Limnology & Microbial Ecology
- Parasitology & Phytochemistry
- Plant Tissue Culture & Conservation
- Soil & Food Microbiology
- Terrestrial Ecology & Toxicology
- Wildlife & Forest Ecology

Research publication / journal of Centre: The Centre publishes ISSN Journal, *Journal of Research & Development* annually

Conferences / seminars / workshops organised by Centre:

- Organised one week celebrations on *“Forests: Nature at your Service”* on eve of World Environment Day from 5-11 June, 2011.
- Organised a Brain Storming Discussion Meeting on *“Improving Corm Multiplication Technology in Saffron”* at Gandhi Bhavan, University of Kashmir sponsored by Department of Biotechnology, Government of India, New Delhi on 17 October, 2011.

Extension Lectures Delivered in Centre:

Resource Person	Theme of the lecture	Date
Prof. D. N. Sahi	Snakes: As We Know Them	21 February, 2011

- Any other equipment grant for Rs. 1,180,000.

Financial aid / scholarship to students: Distributed Rs. 123,000. among 4 students.

Linkages developed with national / international academic / research bodies:

- Postdam University, Germany.

Honours /awards to the faculty:

- Prof. Azra N Kamili received Gold medal, trophy and Certificate of appreciation by Friendship Forum of India at New Delhi for her contribution in the field of science in March, 2011.
- Prof. Ashok K Pandit received Shiksha Rattan Puraskar Award by Dr. Bhishma Narain Singh (Former Governor of Assam & Tamil Nadu) at a seminar on Global Participation in India's Economic Development at New Delhi on 4th March, 2011, being organised by India International Friendship Society.

New collaborative research programmes undertaken: Centre has two collaborative Ph.D Research programmes, one with Jamia Hamdard, New Delhi and other with Punjabi University, Patiala.

Research Projects initialed and completed by Centre:

Title of the project	Funding agency	Amount sanctioned	Status / Duration
Mushroom Cultivation & its Marketing	DBT	Rs. 2,824,000.	Ongoing/4 years
Micropropagation of <i>Artemisia amygdalina</i> , it's phytochemistry and evaluation of medicinal properties. (in collaboration with department of Biochemistry, University of Kashmir).	UGC	Rs. 1,000,000.	Ongoing/3 years
To study the regeneration protocol of <i>Rheum</i> species growing in Kashmir Himalaya	DST	Rs. 1,440,000.	Ongoing/3 years
Ecological Monitoring of Dal lake Ecosystem studies on the periphyton, benthos & fish & fisheries	LAWDA (J&K Govt.)	Rs. 1,863,000.	Ongoing/3 years
Gastrointestinal Parasitic fauna in the Ruminants of Jammu & Kashmir	DST	Rs. 2,836,000.	Ongoing/5 years
Consultancy Projects			
Rapid EIA/EMP of Makhdoom Sahib Ropeway Project	JK State Cable Car Corporation	Rs. 715,000.	Completed
EIA/EMP for Pahalgam Development Area	Pahalgam Dev. Authority	Rs. 2,420,000.	Ongoing/1 years
Impact of Kishenganga HEP on Fisheries and wildlife resources	WAPCOS, NHPC, New Delhi	Rs. 1,380,000.	Ongoing/1 years
Rapid Environmental Assessment Study of Gulmarg Tourist Resort	Gulmarg Development Authority, J&K Govt	Rs. 1,650,000.	Ongoing/1 years

Plans of the institution for the year 2012:

- To submit research projects to various State and National funding agencies like LAWDA, DST, DBT, Ministry of Water Resources.

Specific achievements of Centre:

- Centre was allotted various consultancy projects by State Government for undertaking EIA/EMP of projects at various tourist areas like Gulmarg, Pahalgam, Yusmarg etc.

Other information:

- Centre has done analysis of water samples for many agencies like SKICC, Srinagar, South Campus, University of Kashmir, Military Engineering Service, Sherifabad, HMT, Srinagar, SIDCO, Haftchinar Srinagar.

Department of Students Welfare (DSW)

Brief profile of the Department:

The Department of Students Welfare functions for the overall benefit and welfare of the student community of the University. The Department address the social and academic concerns of students via interaction in different forums; it also deals with all queries and grievances of students. Besides Dean Students Welfare, the Department has the services of Associate Dean Students Welfare, Assistant Dean Students Welfare, Cultural Officer and Literary Officer who also assists Dean in welfare of the students .

The Dept. of Students' Welfare is also engaged in developing the overall personality of the students in all spheres of life for which it conducts various student-oriented programmes. The University authorities are always very keen not only to provide standard academic programmes but also to inculcate confidence amongst the students. Its multifarious activities and units are briefly described below.

Dean Students Welfare: Prof. (Mrs.) Nilofer Khan

Annual Students Magazine:

The Department publishes an annual magazine –"Gulala", which contains various literary and research articles written by students, teachers and research scholars. The magazine promotes the art and habit of writing among the students of the University.

Cultural Club:

Cultural Club, has been constituted with its components as Literary Club, Drama Club and Art Club. The Club aims at providing students with cultural environment so as to shape their all-round personality and develop their physical, mental, social, aesthetical and spiritual dimensions and cultivate basic human qualities like honesty, integrity, industriousness and tolerance, so that they may prove to be the cultural custodians and make good citizens of our society. The Club organizes various activities including seminars, debates, elocutions, creative writing competitions, fine arts, theatre events, youth festivals, cultural/literary tours, youth exchange programmes at local, zonal, national & international level.

Students expand the horizons of their talent, their skills and their expertise through the participation in youth exchange programmes and festivals every year. These programmes for them are fulfilling, sustaining and developing artistic experience through which they take an arrow-like flight towards their grandest goal and distinct artistic aim. So, they always desire, aspire and avail this excellent opportunity, this offers them a sound platform to exhibit the endless reservoir of their unexpressed abilities and to showcase their talent, unfathomed capabilities and unexplored dreams.

KU Red Ribbon Club:

The main aim of the Club is sensitisation and awareness of masses about HIV/AIDS through various interaction programmes. The Club also organises blood donation camps.

Red Cross Unit:

The Red Cross Unit stands for the humanitarian assistance programme, executed through University Volunteers. The Unit keeps close liaison with IRCS, J&K Chapter and jointly organizes various programmes, workshops and blood donation camps and other related programmes at the campus

Student's Grievance Cell:

Student's Grievance Cell looks after the grievances of the students and acts as a bridge between the University authorities and the students.

Special Cell for Specially Challenged Students:

The Cell provides facilities for specially challenged students within and outside the University system, which help them to ensure a dignified and respectable status and career after the completion of their studies. One of the prime concerns of the Cell is also to sensitize the civil society about the variegated problems and the challenges faced by the special category of our society.

Equal Opportunity Cell:

Equal Opportunity Cell has been established in the Department to work for the welfare of schedule tribes and schedule cast students.

Educational Tour:

The Department also arranges educational tours for the students to visit various centres of excellence outside the valley. The students have great learning experience by interacting with the students and the faculty members of other institutions.

Other Services:

Transport facility for students coming from District Headquarters and female students coming from city, Student's identity cards and character certificate are also issued to the students from the Department of Students Welfare.

Major objectives of the DSW:

Directorate of Internal Quality Assurance (DIQA)
diqa.uok.edu.in

Director: Prof. G.M. Bhat

In pursuance of the National Action Plan of the National Assessment and Accreditation Council (NAAC) for performance evaluation, assessment, accreditation and quality up-gradation of institutions of higher education, the University of Kashmir has established Directorate of Internal Quality Assurance as a Total Quality Management (TQM) unit. TQM is a continuous process of developing a system for conscious, consistent and catalytic improvement in the performance of the University. DIQA has, therefore, become a part of University system and works towards realizing the goal of quality enhancement and sustenance.

Goals:

- To make quality, both academic and administrative, the defining element of higher education through a combination of self and external quality evaluation, promotion and sustenance initiatives.
- To stimulate academic environment of teaching-learning and research for fostering global competence.
- To promote collaboration with global institutions for undertaking quality related research studies, consultancy and training programmes.

Composition of DIQA:

DIQA operate its activities through two channels.

- Advisory Body
- DIQAU

Advisory Body:

Under the chairmanship of Vice-Chancellor DIQA is guided by the Advisory Committee, constituted as per the NAAC recommendation. The Committee helps to generate and promote awareness as well as work out procedural details for bringing in qualitative changes in teaching-learning, research and administrative setup as well as in planning and development of DIQA. It also guides in creating methodological framework for evaluation and promotion of the activities of faculty and administration.

Networking of DIQA at Departmental level (DIQAU):

To give representative character for effective monitoring, management, organisation and assessment, each Department/Centre/Satellite Campus/Administration/Examination, etc elects one of their teacher/officer as Nodal Officer as the main functionary of the Department for DIQA activities. Each such Department / Centre, etc. has a unit called Departmental Internal Quality Assurance Unit, DIQAU that plays pivotal role in implementing policies for quality enhancement. Each DIQAU has maximum of seven members consisting of Nodal Officer, 3 faculty members, one representative each of scholars and students working under the chairmanship of HOD/Director. It helps in organizing academic and extracurricular programmes, extension lectures, workshops, seminars, etc. and encourages younger scholars and students to promote and adopt sustainable initiatives for value based quality education. The Nodal Officer establishes coordination among all stakeholders like students, scholars, faculty, administration, etc for promotion and management of quality education.

The network of DIQA was pivotal in exhibiting and presenting the information before NAAC Peer Team for assessment and reaccreditation of the University in July 2011. Due to the consolidated efforts of all stakeholders, the University was awarded “Grade-A” by NAAC and is valid till September 2016.

Plans for 2012:

- To achieve tangible results in a perspective plan.
- To establish procedures and modalities for institutional and academic efficiency and excellence on the basis of quality bench marks /parameters.
- To strike balance between the health and growth of the University.

Bio-Informatics Centre

Bioinformatics Centre was established in 2000 with the financial support from Department of Biotechnology, Government of India, New Delhi. Its activities and progress is monitored by an Executive Committee which includes representatives of the Funding agencies.

Coordinator of Centre: Professor K. I. Andrabi

Programmes Offered:

P.G. Diploma in Bioinformatics

Thrust Areas:

- Communication among people and institutions engaged in the biological research and applications.
- Access, search and retrieval of biological information, documents and literature; Handling and management of biological data including its organisation, etc.
- Analysis and interpretation of biological data through the computational approaches including data visualisation, mathematical modeling for complex biological structures.

Objectives of Centre:

To popularize the importance of information technology for pursuing advanced research in modern biology and biotechnology. The bioinformatics network has emerged as a sophisticated scientific infrastructure for bioinformatics.

Involving state-of-the-art computational and communication facilities. The computer communication network, linking all the bioinformatics centers, is playing a vital role in the success of the bioinformatics programme.

To provide a national bioinformatics network designed to bridge the inter-disciplinary gaps in biotechnology and establish link among scientists in organisations involved in R&D and manufacturing activities in the country.

To build up information resource, prepare databases on biotechnology and to develop relevant information for handling tools and techniques.

To continuously assess information requirements, organize creation of necessary infrastructure and provide information and computer support services to the national community of users working in biotechnology and allied areas.

To access information vis-à-vis biotechnology and establish linkages with some of the international resources of biotechnology information like databanks on genetic materials, published literature, patents, and other information of scientific and commercial value.

To carry out research in advanced methods of computer based-information-processing for an analysis of the structure and function of important biological molecules.

Women Studies Centre

Women Studies Centre, University of Kashmir was established in August-2006, with the prime objective of educating the community about Gender issues and issues of concern to Women. The centre was aimed to be a focal point for Women's Studies research and to provide a psychological and physical space to all interested in Gender issues. The Centre is open to Public, besides the University community. It documents and distributes information and literature related to issues of concern to Women, as well as information on Women's Studies and other related activities. The Centre also houses a library of works about women and Gender. The Centre is acting as catalyst for promoting and strengthening women's studies through teaching, research, curriculum, field and extension work, training and continuing education, etc. The Centre has carried out its work not only in the above areas but also in the areas of gender equity, economic and self reliance, girl education, population education, issues of women rights, laws, social exploitation, capacity building and awareness activities etc. In addition, the Women's Studies Centre organizes a variety of lectures, workshops and other activities relevant to campus life throughout the academic year.

National Service Scheme (NSS)

Programme Coordinator: Dr. Iqbal Ahmad Hakeem /Dr. Farooq Ahmad Khan

A Brief Description:

National Service Scheme (NSS) University of Kashmir is a noble experiment in academic expansion. It inculcates the spirit of voluntary work among the students and teachers through sustained community interactions. It shows how to combine knowledge and action to achieve results, which are desirable for community development. The aim of NSS in general at national level and in particular at University level is to give an extension dimension to the higher education system and orient the student / youth to community service while they are studying in educational institutions. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slum community and in certain cases are indifferent towards their needs and problems. Therefore, it is necessary to arouse the social conscience of the students and to provide them an opportunity to work with the people in the villages and slums and in the socially neglected areas. Over the years, NSS has emerged as India's largest student youth movement in linking with the community. The motto or watchword of National Service Scheme is 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings.

The office of the Programme Coordinator, NSS is the nodal center coordinating the NSS activities at the University, college and secondary school level. The NSS volunteers are drawn from the students enrolled at University/College and +2 level who form the NSS units. Each NSS unit comprises of 100 students whose activities are organised and coordinated by the respective Programme Officers. The overall incharge of the NSS units at the University, College and +2 level is the Programme Coordinator, NSS University of Kashmir. NSS activities have been divided in two major groups. These are regular NSS activities and special camping programme;

a) Regular NSS activities: Under this, students undertake various programmes in the adopted villages, college/school campuses and urban slums during week ends or after college hours;

b) Special Camping Programme: Under this, camps of 7 days duration SCP are organised in adopted villages or urban slums during vacations with some specific projects by involving local communities.

At present there are 158 NSS units working in 104 educational institutions at University, College and Secondary School level. However additional units would be created in near future at newly created colleges and at the Colleges/secondary school where the demand for additional units would arise to broaden the base, scope and coverage of NSS activities. The financial implication of the NSS unit is primarily borne by the Ministry of Youth Affairs, Govt. of India. However in the recent past, an initiative has been taken up to raise locals funds vide NSS fee charged @ Rs 25. per student enrolled at graduate/ undergraduate level as is the practice in other Universities.

Total Budget allocation:

Grants received/ generated		Grants spent at University	Grants utilized by NSS Units

University Gymnasium/ Health Club

A high-tech Gymnasium/ Health Club is in the final stages of completion at Directorate of Sports and Physical Education. Developed with the support of latest equipments procured partly from outside State and partly from outside Country, the Gymnasium will go a long way in the promotion as well as awareness of culture of health in general and neuro-muscular development of sports personnel in particular. It will serve a boon for the promotion of sports activities like Weight-lifting, Power-lifting, and Body-building etc.

Youth Hostel

To further the cause of Sports Culture in the University of Kashmir, a state of the art Youth Hostel is in the final mode of completion. The hostel will be associated with the Directorate of Sports and Physical Education. The facility will augment the education and training of M.P Ed Students, for the course is essentially a residential one. The Hostel can accommodate around six hundred players and will support the Directorate in organizing All India level Sports

Tournaments and Championships. It will facilitate the participation of the students from far flung areas of the State by giving them opportunity to participate in Sports and games events hosted by University of Kashmir.

Teachers Club

Located in the serene ambience of Naseem Bagh Campus, and equipped with all the recreational facilities, Teachers Club serves as an informal meeting place for the faculty members of University. It provides opportunity to all the teachers to deliberate on a wide variety of issues in a friendly and sociable way. Recently the Club was given a facelift and many features were added to it.

Jammu and Kashmir Bank Ltd.

The Jammu and Kashmir Bank Ltd., University Branch has been catering to the needs of University employees, students, besides extending services at the Institutional level, since last so many decades. The Bank maintains more than 150 Departmental and Official University Accounts, Savings Accounts of employees, Pensioners' Provident fund Accounts etc.

The Bank also extends loan facilities of various types to employees and students.

The Bank has set up an extension counter within the University campus exclusively for student community. The counter serves as a collection centre for all kinds of remittance made to the University, including fee for all examinations, and other student services. The Bank in consultation with University authorities has developed a multipurpose special Receipt issued by the Bank for all kinds of remittances and acknowledged within University for the delivery of all student services.

University Post Office

The Post office located within the University campus has been providing a great support towards the development of academic environment in University. Before the electronic mail, the University Post office was the main source of communication within academic circles. It offers a wide variety of services besides the delivery and registry of mail, book posts, parcel mail, VPP, money-order etc. These include life insurance and money saving schemes, telephone bill payments etc

Multi Utility Shopping Centre

The University has set up small shopping centres at several places to cater to the needs of the students, staff and other visitors. Shops providing facilities like Photostat, Documentation, Telephone, Stationery, besides book shops, cooperative retail stores etc are located in these Centres. Photostat and Documentation services at these Shopping Centres are being provided at subsidized rates. Besides, there is one Travel Agent's office which caters to the needs of University officials, faculty and students for Air Travel Bookings and Train Reservations.

University Canteens:

There are five canteens located within the campus that serve a variety of permitted eatables in a neat and clean ambience to students and staff. Two bigger canteens also provide mid-day meal at subsidised rates during lunch period to students and staff.
