**IHCAP 'Teach the Teachers workshop' on glaciology and related areas, June 30 to July 6, 2016**

To whom it may concern

The 'Teach the Teachers workshop' on glaciology and related areas was organized at the Universities of Fribourg and Zurich from June 30 to July 6, 2016. The aim of the workshop was to support Indian faculties to strengthen the curricula on glaciology and related areas of their current academic programmes at Indian Universities. The participants of the workshop included faculty members from Delhi University and University of Kashmir. The workshop was organized by the University of Fribourg under the Indian Himalayas Climate Adaptation Programme (IHCAP) of the Swiss Agency for Development and Cooperation's (SDC) Global Programme Climate Change (GPCC).

The training workshop focused on proposed lecture contents, didactic and pedagogy, scientific exchange, a field visit, and other related activities. The main objective of the workshop was to support Indian faculties teaching at the designated universities to enhance/change the curricula at their universities. Beside that another important objective was the exchange between the Indian and Swiss scientists by presenting and discussing recent scientific studies.

This letter is to certify that Dr. Irfan Rashid participated at the 'Teach the Teachers workshop' on glaciology and related areas at the Universities of Fribourg and Zurich, Switzerland from June 30 to July 6, 2016. Thereby he also presented his ongoing research on glaciers under changing climate over Kashmir Himalaya.

Sincerely,

Dear Reyaz

As part of your Visa Application process you need to include a letter from the sponsor setting out the details of various aspects of your visit, and noting the costs that will be covered by ANU during your visit. This is what I am writing to you about, with details as below.

Beside the lab work involved in your individual programs, you will be able to participate in a sequence of seminars, practicals and field visits.

The seminar program will shortly be advertised on URL <http://tectonics.anu.edu.au/>

#### Itinerary

The organised program (including lab work, seminar, and field visits) commences Monday 2nd November, 2015 and will continue for six weeks, finishing on Friday November 11th 2015.

Accommodation has been booked, for arrival in Canberra October 28th, 2015, and departure on Monday 14th, December, 2015. Some activity related to your program may continue until Friday 18th 2015.

You will need to move out of the University accommodation that we have booked (and paid for) on Monday 14th, December, 2015.

#### Support costs

You will have your airfare to Canberra organised and paid for by an AISRF grant, with the project leader on the Indian side, Prof. Talat Ahmad. By this time you should have looked at the cost of possible airfares, and organised that matter with Prof. Ahmad. The cost of travel will rise quickly in the following months, and in particular costs will increase rapidly closer to Christmas.

Each of you will have a *per diem* paid to you by ANU. The amount of this *per diem* will be \$250AUD/week duration of ANU X 2015. You may therefore need some funds to tide you over, at the start, until payment of these funds can be organised. For us to proceed with payment you will need a valid visa, and you will need to open an Australian bank account, upon your arrival.

#### Costs that you will have to meet

You will have to meet the costs of getting a valid visa.

You will have to meet the costs of medical and/or travel insurance. We can provide advice on possible providers if you so request.

It is essential you arrive with insurance paid for and organised. ANU cannot take responsibility for costs you incur through misadventure or illness.

Please look at this URL.

TO WHOM SO EVER IT MAY CONCERN

It is certified that Mr. Rameez Nazir Rather, student of Department of Botany, University of Kashmir, Srinagar, has worked in my lab at Centre for Cellular and Molecular Biology, Hyderabad from 17/10/2015 to 9/11/2015.

During the period, he has learnt some of the basic techniques used in molecular biology, viz., DNA extraction from leaf samples, quantification using Nanodrop, microsatellite/SSR analysis using capillary-based approach on an automated sequencer, PCR, agarose gel electrophoresis. In the process, he has also extracted the DNA from some of the apple germplasm from Kashmir valley; which will be helpful for his proposed PhD work.

I wish him all success in his academic endeavors.

Dear Afreen Anwar

On behalf of the Department of Electrical and Computer Engineering at the University of Alberta, I would like to extend an invitation for you to join us as a visiting student researcher for a period of 12 months beginning from June 1 2017 to the end of June 2018. This will be a collaborative work between the University of Kashmir, India and University of Alberta, Canada under IC-IMPACTS project ***"BIOMONITORING OF WATER QUALITY IN RELATION TO HUMAN HEALTH USING BIOSENSORS AND IMPROVEMENTS THROUGH NANOPARTICLE BASED PURIFICATION SYSTEM"***. During your stay, you will perform research on detecting the biomarkers of interest outlined in our joint IC-IMPACT Grant using the impedance-based biosensor. These activities will take place at the University of Alberta in lab ECERFW6-050 in Edmonton, Alberta.

You will receive a student photo ID card that permits your entry to ECERF. You can use the card to borrow books from the libraries, access the recreational facilities and the Student Health services. We will also provide you email and other computing services.

Visiting Student Researchers must abide by all University policies and applicable laws. We trust that your participation in our research activities will be rewarding both for you and the research group as a whole.

Sincerely,

Respected Sir,

I have communicated to my HOD about the permission. He asked me to request you for a written communication/ email addressed to HOD and CC to me for the purpose of record and processing my station permission application. If not possible from the Director's office, just an email from you mentioning about my request and acceptance of that for allowing me to work there under your guidance to carry out a part of my PhD experimental work will also suffice.

Yours faithfully

Dear Mr. Keyaz:

As per your application you have requested our support in isolation of phytoconstituents from the selected medicinal plants (2 no.) for your PhD work. Accordingly I suggest you to prepare the extracts at your department from the selected medicinal plants mentioned in your work plan and bring on back for further work (isolation of phytoconstituents) in my laboratory. I can assign date you for 2-3 months (October to December 2) in my laboratory. You need to pay hostel accommodation charges of Rs. 3,000/- month. Unfortunately, I am not in a position to waive it off. You to that already funds from your Department is here and she also paid same accommodation charges.

Kind regards

Prof. Sanjay Jachak

Subject: Holding of 2<sup>nd</sup> J&K Medical Science Congress by J&K State Council for Science and Technology,  
Jammu & Kashmir State.

Dear Sir,

We have been entrusted to organize the 2<sup>nd</sup> session of J&K Medical Science Congress from 10<sup>th</sup> to 13<sup>th</sup> May, 2017, to be sponsored by Department of Science & Technology, J&K.

The congress is being planned/ organized to provide an ideal forum for experience and knowledge sharing by the national and state level experts to discuss issues relating to medical science in the context of Jammu and Kashmir and will afford a valuable opportunity for focusing on various strategies to address critical bottlenecks in realizing the goal of revitalizing the medical sector.

Therefore, we intend to partner with you and your institution to make the best of this programme. You are also requested to circulate the information to students, scholars and faculty etc, in addition to nominate the appropriate faculty/scholar to contribute in the organizing team.

We solicit your response on priority.

Thanking you in anticipation.
