E-ADMISSIONS:

- **E-ADMISSIONS:**
- This system has been developed to automate all admission processes of the university. Students no longer need to come physically to the University to submit admission forms for various courses; instead the forms can be submitted online from any place with an access to the Internet. The form fees can be paid through online mode using payment gateway or can be paid through offline mode in any branch of the JK Bank and can be reconciled online with the forms submitted.

Career Advancement Scheme(CAS)

- Successfully Launched online CAS for January session of CAS applications where applicants submitted CAS applications online for the first time .
- Features of CAS:
  1. Catering to CAS stages up to the stage 5
  2. Preview of score and application form by the applicant before submitting.
  3. Automatic score generation.
  4. Integration with the DIQA portal. Applicant can fetch details entered in his/her DIQA account to CAS application form.
  5. Data entered by applicant is preserved till he/she passes the CAS stage.
  6. Various report generation for applicant and recruitment section to speed up the CAS process.

7th Pay Fixation

- Automatic calculation of pay as per 7th pay fixation
- Modification of the pay details as per promotion of the employees during the period for which arrears are applicable.
- Automatic calculation of 7th Pay arrears and provisions to modify any anomaly.

Establishment of Travel Desk

- Establishment of Travel Desk in the University/Directorate of IT&SS in order to streamline the official travel-related matters by providing in-house facility for booking of e-tickets (Air Travel).
- The Travel Desk is accordingly being made operational from January 20th , 2018.

ONLINE RECRUITMENT SYSTEM:

- The ‘online recruitment system’ has been developed to enable the applicant to apply for various teaching / non-teaching positions online. The system enhances the selection process by reducing the overall time taken for selection of an applicant by automating processes like API score generation, auditing, report generation, fee payment, etc. The e-Recruitment system allows recruitment section to take advantage of the latest trends in online recruitment process, helping them manage all stages of the recruitment process. The system also saves time of an applicant by allowing him to enter application details only once and copy/clone the entered details while applying for different post. The applicants can also get help about the portal at 'recsupport@uok.edu.in'

- The API score generated by the system is as per the UGC guidelines **(Amendment- IV).**

About Journal

Print ISSN: 0975-6558 Online ISSN: Applied
Frequency: 1 issue per year
UGC APPROVED JOURNAL

The Communication, a peer-reviewed annual Research Journal of the Directorate of Distance Education, University of Kashmir, is dedicated to the promotion and dissemination of knowledge and scholarly information in the area of distance education. The journal publishes research and scholarly material in the fields of distance and flexible educations where learners are free from the constraints of the time, pace, and place of study. The Communication was one of the first journals to be published with its focus exclusively on these areas of educational practice and it remains a prime source of original and scholarly work in these fields in the state of Jammu and Kashmir. All papers undergo double-blind peer review and are reviewed by members of the Editorial Board with expertise in the areas(s) represented by a paper, and/or invited reviewers with special competence in the area(s) covered. The Editors reserve the right to make minor alterations to all papers that are accepted for publication. Please note that this journal only publishes manuscripts in English. There are no submission fees or page charges for this journal. Authors will receive a complimentary copy of the Journal once their paper is published...

KU CONTENT MANAGEMENT SYSTEM:

- The Kashmir University Content Management System (KUCMS) allows departments to replace their old DotNetNuke websites to new website using latest developments in web technologies like responsive design, AJAX, etc. KUCMS also integrates with DIQA web application where a faculty member can decide what information to display on his/her personal page. KUCMS allows for creation of custom pages for faculty. KUCMS also provides search functionality for the user where user can search the site for some info. KUCMS has many other features like google map for location of the department, cross linking of information, etc.

Directorate of IT & SS

About Us

Profile of Directorate of Information Technology & Support System Owing to the significance which the Information Technology has achieved over the past several years in the areas of employment, education and governance the University established a separate Directorate of Information Technology & Support System (IT & SS) in December 2007. The establishment of the Directorate is to ensure active contribution of the University in the development of the Society through the capitalization of opportunities associated with the information technology. The Directorate is to serve a

HOSTEL MANAGEMNT SYSTEM

- It is a system for managing the hostel activities.
- Helps students to enter the data through simple and interactive manner.
- Students can apply for hostel accommodation using University registration or enrolment number.
- With the help of this application:

a) Application forms are automatically sorted on the basis of district
b) Ratio of seats for each district is calculated according to the no. of application forms submitted from each district.
c) Seats for each district are automatically divided into 6:4 ratios between science and non-science students respectively.
d) Application forms in each group are sorted as per the distance from the University in descending order.
e) Preference is given to candidates living far from university campus
f) Each Student from selection list is assigned an available room randomly.

HR MANAGEMENT

- Employees are the most valuable and dynamic assets of an organization. The **University HR Management/Personnel Databank** is an extensive and comprehensive system that maintains and tracks information pertaining to all the employees of the university. It captures comprehensive details pertaining to all the employees in the organization. In short, it maintains the employees inventory of the university.

  The system captures overall details related of an employee right from personal information to the professional level. It facilitates for keeping track of various types of transfers in the life cycle of an employee. The system also stores joining and exit of an employee from the university along with the reasons for the exit. The system keeps track of appraisals and promotions. There is provision for leave and attendance maintenance. The system is going to be fully integrated with Recruitment, Payroll and other related Systems. Extensive and effective reporting functions provide a snapshot of employee overall information.

  Each employee can view his/her service details by just logging into the system. The employee gets an e-Service Detail Book on his screen. An employee can view details like: **Personal details**
- **Joining details**
- **Qualification details**
- **Promotion, Transfer details**
- **Nomination details etc.**
- The system provides some add-on online services to the employees like **Applying for Leaves, Applying for GP Fund** etc
